Patent and Trademark Office,2001 *Rat Roads* Jacques Pauw,2012-11-20 In this extraordinary book celebrated journalist Jacques Pauw gives a human face to some of the most tumultuous events in recent African history Rat Roads chronicles the remarkable journey of Kennedy Gihana a young Tutsi man who fought against the genocidaires in Rwanda but was part of an army that committed horrifying atrocities in Africa s bloodiest conflict Seeking education instead of war he walked thousands of kilometres to South Africa where he slept in parks lived on the street and worked as a low paid security guard until he had

saved enough money to enrol for a law degree In 2011 he took the podium at the University of Pretoria to receive a master s degree in international law *Rat Roads* combines many strands of life in Africa Besides being the chronicle of one man s incredible journey it addresses issues such as civil conflict xenophobia and the plight of refugees It also explores the nature of war crimes and guilt and gives insight into present day Rwanda showing how one tyranny has replaced another *Rat Roads* is a searing story of hardship and survival and an unforgettable tale of courage and triumph **PC Mag** ,2006-03-21 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology

Designing Wireless Sensor Network Solutions for Tactical ISR Timothy D. Cole,2020-09-30 This comprehensive resource demonstrates how wireless sensor network WSN systems a key element of the Internet of Things IoT are designed and evaluated to solve problems associated with autonomous sensing systems Functional blocks that form WSN based systems are described chapter by chapter providing the reader with a progressive learning path through all aspects of designing remote sensing capabilities using a WSN based system The development and a full description of fundamental performance equations and technological solutions required by these real time systems are included This book explores the objectives and goals associated with tactical intelligence surveillance and reconnaissance T ISR missions Readers gain insight into the correlation between fine grained sensor resolution associated with WSN based system complexities and the difficult requirements associated with T ISR missions The book demonstrates how to wield emergent technologies to arrive at reliable and robust wireless networking for T ISR and associated tasks using low cost low power persistent sensor nodes WSN is broken down into constituent subsystems key components functional descriptions and attendant mathematical descriptions This resource explains how the design of each element can be approached and successfully integrated into a viable and responsive sensor system that is autonomous adaptable to mission objectives and environments and deployable worldwide It also provides examples of what not to do based on lessons learned from past and current systems that failed to provide end users with the required information Chapters are linked together in order of system assembly concepts to operation to provide the reader with a full toolset that can help deliver versatility in design decisions solutions and understanding of such systems end to end **Towards a Circular Economy** Aldo Alvarez-Risco,Marc A. Rosen,Shyla

Del-Aguila-Arcenales,2022-06-09 This volume presents a transdisciplinary approach to implementing a circular economy in international business Written by global experts this book provides a detailed and professional focus on issues that must be improved in order to successfully implement a circular economy in a variety of industries The book begins with a discussion of the theoretical aspects of circular economy and the challenges of going from theory to practice The following chapters present case studies on the circular economy in different sectors of international business such as food systems mineral processing water management energy process waste management the cement industry and 3D printing Issues such as the

role of SMEs in the circular economy and the progress towards circular economy 3 0 and strategies for teaching the circular economy are also discussed The volume ends with a critique of the concept of circular economy and suggestions for future research avenues Written with multiple stakeholders in mind this volume will be of interest to researchers and students of economics sustainability international business and management as well as industry professionals and governments working towards establishing a circular economy in their fields and jurisdictions Marrying Korean Stefano Young ,2019-10-25 Marrying Korean follows Stefano an MIT graduate as he meets the Korean woman who would become his wife and wonders to himself if he could even locate her country on a map From his first tastes of soju his first Korean drama addiction and his first time getting naked with his girlfriend s father to taekwondo sparring interviewing at Samsung and visiting an abalone farming family on the remote island of Nowha do the author chronicles a decade worth of attempts to impress his new Korean family communicate in the Korean language and wrestle with the more difficult parts of Korean culture *Confident Computing for the Over 50s* Bob Reeves,2010-03-26 Do you feel that you have been left behind in the technological revolution Assuming no prior knowledge of using a computer this book is written in a practical light hearted and non technical style to take the terror out of the technology Bob Reeves approaches the subject in a highly accessible way focusing on the computer applications of most interest to middle and third agers including correspondence photography shopping online personal budgets and researching your family history It begins with the very basics and ends with an invaluable jargonbuster glossary The book is made up of a series of self contained chapters with the emphasis on what the computer is being used for rather than the software needed For example rather than a chapter on word processing there is a chapter on letter writing rather than desktop publishing there is making a newsletter and making cards for all occasions rather than one on digital photography there is getting photographs on to the computer etc There will be clear instructions supported with screenshots tips and hints throughout This approach sets it apart from other books on basic computer skills as it covers what you really want to do with your computer breaking down any technical barriers and making the book totally relevant to the novice computer user NOT GOT MUCH TIME One five and ten minute introductions to key principles to get you started AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for success based on the author s many years of experience TEST YOURSELF Tests in the book and online to keep track of your progress EXTEND YOUR KNOWLEDGE Extra online articles at www.teachyourself.com to give you a richer understanding of computing FIVE THINGS TO REMEMBER Quick refreshers to help you remember the key facts TRY THIS Innovative exercises illustrate what you ve learnt and how to use it Evangelist Marketing Alex L. Goldfayn,2012-01-03 In Evangelist Marketing Alex Goldfayn argues that technology companies succeed in spite of their marketing not because of it He says that if consumer tech makers ceased all marketing activity today they would not see a significant decline in sales In this book Alex presents why the current state of overly technical features oriented tech marketing branding communications and public relations is costing the industry

billions of dollars easy money that s voluntarily being left on the table Then he lays out a step by step system for creating intensely loyal brand evangelists based on deep consumer insights and simple emotional language Evangelist Marketing is written for consumer tech companies big and small from PC manufacturers to Web based services It s also sure to improve the work of their marketing and public relations agencies
