Customer Relationship Management Chaturvedi, 2006-03-30 About the Book Customer Relationship Management CRM was born in the 1990s in the West In the initial phases the over enthusiastic businesses invested almost US 400 billion But the very same businesses were disheartened very soon primarily because there were no visible And there were no quick results mainly because 80 per cent of the investments were made in technology CRM meant technology to them then CRM means technology to them even today However no business need bother so long as it is ready to go by the human aspect of CRM and take technology only as a facilitator This book is an attempt to present this human side of CRM The authors belief is that in the long term CRM can be successful only due to its human face The book is arranged in three Parts Part I Customer Relationship Management contains the academic inputs titled as Customer is King Customer Managed Relationships MINI Marketing Types of CRM Building Blocks of CRM CRM Strategies Customer Relationship Management by Indian Firms Customer Retention Strategies HRM in CRM and Implementing a Technology based CRM Solution Part II Call Centre Management covers the areas concerning the working of a call centre titled as The Call Centre Call Centre Functionality Team Building Customer Relationship Management Web based Customer Support and Contact Centre Glossary Part III Cases gives a first hand idea of the working of CRM in the more peculiar contexts like public sector undertakings through five well documented cases Contents Part I Customer Relationship Management Customer is King Customer Managed Relationships Mini Marketing Types of CRM Building Blocks of CRM CRM Strategy Customer Relationship Management by Indian Firms Customer Retention Strategies HRM in CRM Implementing a Technology based CRM Solution Future Trends in CRM Part II Call Centre Management The Call Centre Call Centre Functionality Team Building Customer Relatio

Customer Relationship Management Srivastava Mallika, With the aim of developing a successful CRM program this book begins with defining CRM and describing the elements of total customer experience focusing on the front end organizations that directly touch the customer The book further discusses dynamics in CRM in services business market human resource and rural market It also discusses the technology aspects of CRM like data mining technological tools and most importantly social CRM The book can serve as a guide for deploying CRM in an organization stating the critical success factors KEY FEATURES Basic concepts of CRM and environmental changes that lead to CRM adoption Technological advancements that have served as catalyst for managing relationships Customer strategy as a necessary and important element for managing every successful organization CRM is not about developing a friendly relationship with the customers but involves developing strategies for retention and using them for achieving very high levels of customer satisfaction The concept of customer loyalty management as an important business strategy The role of CRM in business market The importance of people factor for the organization from the customer s perspective Central role of customer related databases to successfully deliver CRM objectives Data people infrastructure and budget are the four main areas that support the

desired CRM strategy *An Intelligent Customer Complaint Management System with Application to the Transport and Logistics Industry* Alireza Faed, 2013-06-12 This thesis addresses the issue of customer complaints in the context of Customer Relationship Management CRM After a comprehensive survey of the current literature on CRM the thesis describes the development of a new intelligent CRM I CRM framework which integrates text analytics type mapping SPSS structural equation modeling and linear and fuzzy approaches This new methodology in contrast to previous ones is able to handle customer complaints with respect to different variables thus allowing organizations to find their key customers and key complaints and to address and provide solution to the major complaints of the key customers hence promoting business development The thesis also describes the successful application of the method to a real world case represented by the immeasurable truck drivers complaints at the Fremantle port in Western Australia *Marketing Management, 2nd Edition* Arun Kumar & N. Meenakshi, 2011 Marketing is a way of doing business It is all pervasive a part of everyone s job description Marketing is an expression of a company s character and is a responsibility that necessarily belongs to the whole company and everyone in it **Customer's New Voice** John S. McKean, 2014-09-12 Find out how to reap the benefits of motivating and engaging the new direct customer voice The Customer s New Voice shows businesses how to motivate and transform directly volunteered consumer knowledge into profitable insights enabling a new echelon of marketing relevancy customer experience and personalization With a deep look at the inner workings of how a modern generation of business innovators are tapping into the fresh opportunities with the customer s new voice this book describes how businesses are transforming inference based predictions of purchase intent with direct consumer knowledge of their actual intentions and buying context The result An untouchable unprecedented level of offer relevancy experience and personalized service levels Those offers range from the most basic app model of Give me your physical location we ll find the best Thai restaurant near you and give you an instant coupon to a more complex model such as an Electric utility value proposition We ll give you discounts to charge your Prius during certain times to help us optimize our grid efficiency while allowing Toyota to monitor and optimize your battery to enable Toyota s R however this type of data has less than 10 percent accuracy This low effectiveness also necessitates up to 70 percent of a business s cost infrastructure Direct consumer knowledge is now available and boasts up to 20 50 percent accuracy yet businesses remain anchored in the old indirect competencies This book helps companies integrate compelling sharing motivators and controls for consumers to feel motivated and safe about directly sharing their product and experience desires providing the ultimate market advantage Learn how to catch up to the new digitalized consumer Leverage direct consumer information from current megatrends Navigate privacy s current and future metamorphosis Unlock the untapped value of Big Data s true enabler Little Data Parsing incidentally volunteered data has been stagnant for decades due to the capabilities and expectations of a new generation of enabled consumers The timeless reality is that any level of investment in computing power data and analytics will never approach their full ROI potential

without interfusing the direct intentional insights from the consumer If today's forward thinking companies want to profitably engage the new consumers they must learn the secrets of motivating and safeguarding this new potential of customer transparency The risks of not engaging these new consumer voices Irrelevancy and Silence The Customer's New Voice shows businesses how to fulfill the promise and caveat of the new consumer If you make my life easier reward me and respect my shared information I will tell you my secrets
