Car Troubles Jim Conley, 2016-04-15 Car Troubles central premise is that the car as the dominant mode of travel needs to be problematized It examines a wide range of issues that are central to automobility by situating it within social economic and political contexts and by combining social theory specific case studies and policy oriented analysis With an international team of contributors the book provides a coherent and comprehensive analysis of the global phenomenon of automobility from the Anglo world to the cases in China and Chile and all the elements that relate to it

A Sociology of Commercial Flight Crew Bennett Simon, 2016-12-05 There are numerous psychological studies of pilots and piloting but little has been done in the way of sociological examination Commercial aviation is one of the world's biggest industries yet there are few studies of pilots as social beings and of their place of work the flight deck Developing a sociological understanding of front line staff and of pilots working environments is an important step to developing a more detailed understanding of this increasingly important sector This book performs such a function and also adds to our understanding of pilots in general from those who work for flag carriers to those who fly for regional or corporate jet operators The readership includes the general public industry legislators regulators managements employees trainers journalists academics and students of sociology psychology organisation theory and business management **Autocar**, 2005

Business Improvement Districts Goktug Morcol, Lorlene Hoyt, Jack W. Meek, Ulf Zimmermann, 2008-04-21 Initiated and governed by property or business owners under the authorization of state and local governments business improvement districts BIDs have received a very mixed reception To some they are innovative examples of self governance and public private partnerships to others they are yet another example of the movement toward the privatization of what should be inherent government responsibilities Among the first books to present a collection of scholarly work on the subject Business Improvement Districts Research Theories and Controversies brings together renowned leaders in the field to compile the highest quality theoretical legal and empirical studies into one comprehensive volume Investigating fundamental concerns at the core of the debate as well as potential solutions this groundbreaking resource Tackles the need for improved problem solving and efficiency in service delivery Examines new and innovative policy tools for both the public and private sectors Evaluates whether BIDs do ignore the needs and voices of residential property owners Discusses the challenge created by social segregation in cities Addresses lack of accountability by BIDs to the public and elected representatives From different perspectives leading practitioners and academics analyze the pros and cons of BIDs both in the United States and around the world They look at their impact on urban planning and retail revitalization consider their legal implications and explore ways to measure BID performance Filled with case studies of urban centers including San Diego Atlanta New York Toronto and Capetown and state models such as New Jersey and Pennsylvania this examination brings together essential information for researchers as well as those leaders and policy makers looking to adopt a BID model or improve one already in place

Innovation for a Low Carbon Economy Tim Foxon, Jonathan Köhler, Christine Oughton, 2008-01-01 Innovation for a Low Carbon Economy analyses the interplay of technological institutional market and management factors in the dynamics of energy systems The book aims to inform national and international policies to promote low carbon innovation **Vault Guide to the Top Manufacturing Employers** Vault Editors, 2007-01-11 Terrorists drug traffickers mafia members and corrupt corporate executives have one thing in common most are conspirators subject to federal prosecution Federal conspiracy laws rest on the belief that criminal schemes are equally or more reprehensible than are the substantive offenses to which they

are devoted The essence of conspiracy is an agreement of two or more persons to engage in some form of prohibited misconduct The crime is complete upon agreement although some statutes require prosecutors to show that at least one of the conspirators has taken some concrete steps or committed some overt act in furtherance of the scheme There are dozens of federal conspiracy statutes This book examines conspiratorial crimes and related federal criminal law with a focus on the federal Racketeer Influenced and Corrupt Organization RICO provision of the Organized Crime Control Act of 1970 money laundering and the 18 U S C 1956 statute mail and wire fraud and an overview of federal criminal law **The**
