Coming Through Kincaid Mills, Genevieve C. Peterkin, Aaron McCollough, 2023-03-20 Oral histories of formerly enslaved people and their families along the South Carolina coast. *Coming Through* marks the first complete publication of these interviews with former slaves and their descendants living in the Waccamaw Neck region of South Carolina as collected by Genevieve W. Chandler as part of the WPA Federal Writers Project. Between 1936 and 1938, Chandler interviewed more than one hundred individuals in and around All Saints Parish, a portion of Horry and Georgetown counties located between the Waccamaw River and the Atlantic Ocean. Her subjects spoke freely with her on topics ranging from slave punishment to folk medicine from conditions in the Jim Crow South to the exploits of Brer Rabbit. A teacher, artist, writer, and later museum curator, Chandler had no formal training as an oral historian or folklorist, yet the sophistication of her work, as documented here, anticipates developments in these fields of study a generation later. Her detailed descriptions add social context to folktales, and her careful and systematic renderings of the Gullah language have since been praised as foundational work by Creole linguists. Chandler's Gullah-speaking African American informants range in age from the 9-year-old George Kato Singleton to 104-year-old Welcome Bees. A biography of each subject accompanies the interviews. Collectively, these interviews form an intimate portrait of a fascinating subculture of the Carolina coast and the Sea Islands, as shared with a remarkable woman who has special access to converse with the people of this traditionally insular world. Moreover, they provide an unparalleled firsthand account of the African American experience in South Carolina in the words of those who lived it. The volume is edited by Chandler's daughter, Genevieve C. Peterkin, and two scholars, Kincaid Mills and Aaron McCollough. The three have carefully established the texts of the interviews in a manner that highlights Chandler's skills as a field linguist and have supplemented the texts with revealing documentation. The collection is enhanced with a foreword by Charles W. Joyner, Burroughs Distinguished Professor of History at Coastal Carolina University, appendixes respecting the WPA project and the nuances of Gullah language and culture, and photographs of the subjects taken by renowned photographer Bayard Rustin, many published here for the first time. *Phonetic*, 1985. **The Chemical Engineer**, 2000. **The Philosophy of Grammar** Otto Jespersen, 2013-01-11 This study grew out of a series of lectures Jespersen gave at Columbia University in 1909-10 called *An Introduction to English Grammar*. It is the connected presentation of Jespersen's views of the general principles of grammar based on years of studying various languages through both direct observation of living speech and written and printed documents. *The Philosophy of Grammar and Analytic Syntax* set forth the most extensive and original theory of universal grammar prior to the work of Chomsky and other generative grammarians of the last thirty years. Arne Juul and Hans F. Nielsen in *Otto Jespersen: Facets of His Life and Work*. Besides being one of the most perceptive observers and original thinkers that the field of linguistics has ever known, Jespersen was also one of its most entertaining writers, and reading *The Philosophy of Grammar* is fun. Read it, enjoy it. James D. McCawley from the Introduction.
