The Women's Liberation Movement Kristina Schulz,2017-07-01 For over half a century the countless organizations and initiatives that comprise the Women s Liberation movement have helped to reshape many aspects of Western societies from public institutions and cultural production to body politics and subsequent activist movements This collection represents the first systematic investigation of WLM s cumulative impacts and achievements within the West Here specialists on movements in Europe systematically investigate outcomes in different countries in the light of a reflective social movement theory comparing them both implicitly and explicitly to developments in other parts of the world

The Portuguese Nun Anna Klobucka,2000-12 This study describes and analyzes cultural and literary mythology surrounding the figure of the seventeenth century nun Mariana Alcoforado as the presumed author of the celebrated collection of love letters that originally appeared in 1669 in French under the title of Lettres portugaises known in their many English editions as Portuguese Letters or Letters of a Portuguese Nun Ostensibly written by a nun cloistered in a provincial Portuguese convent to her departed lover an officer in the French army they are nowadays generally reputed to have been a literary fake authored by a seventeenth century French writer The Portuguese Nun describes the foundation and development of the myth of Soror Mariana and illuminates its continuing investment in the fabrication by the country s cultural elite of a shared national imagination It examines the process of national reappropriation of the text from the Romantic period until its latest postmodern manifestations exemplified most remarkably by the feminist manifesto Novas Cartas Portuguesas New Portuguese Letters From its first retranslations into Portuguese in the early nineteenth century this slim collection of five love letters has retained its status of a somewhat improbable textual support for one of Portugal s most persistently cultivated cultural fictions BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Power of Form Ana Fernandes,Ana Raquel Fernandes,Rui Carlos Fonseca,José Pedro Serra,2015-02-27 Although positivism dismissed myths as childish fancy bound to be superseded by reason there has been a continuous reappraisal of the power of myths since the 19th century Once viewed as primitive and unreliable accounts and an inadequate and distorted form of knowledge myths came to be perceived as exemplary narratives consisting of rich and complex symbolic constructs that carry meaning and a connection to reality Myths then came to be regarded as a privileged expression of the human soul and of its possibly submerged and unconscious abysses and dramas Rather than inherently obscure and elusive to a rational grasp mythical narratives would therefore be driven by logical reasoning giving shape to a particular worldview of life and humankind The enduring power of mythical narrative is attested to by its very plasticity

subject to multiple recreations informed by changing concerns and insights Mythical narratives have thus attracted the interest of various disciplines from ethnology and history to philosophy literature sociology politics the history of religions and art history This interdisciplinary volume studies how myths are inscribed and recycled within both individual and collective heritage and examines the personal and political implications of multifaceted engagement with myths as one of the forms through which societies try to make sense of their perplexities

A New History of Iberian Feminisms Silvia Bermudez, Roberta Johnson, 2018-02-05 A New History of Iberian Feminisms is both a chronological history and an analytical discussion of feminist thought in the Iberian Peninsula including Portugal and the territories of Spain the Basque Provinces Catalonia and Galicia from the eighteenth century to the present day The Iberian Peninsula encompasses a dynamic and fraught history of feminism that had to contend with entrenched tradition and a dominant Catholic Church Editors Silvia Berm dez and Roberta Johnson and their contributors reveal the long and historical struggles of women living within various parts of the Iberian Peninsula to achieve full citizenship A New History of Iberian Feminisms comprises a great deal of new scholarship including nineteenth century essays written by women on the topic of equality By addressing these lost texts of feminist thought Berm dez Johnson and their contributors reveal that female equality considered a dormant topic in the early nineteenth century was very much part of the political conversation and helped to launch the new feminist wave in the second half of the century
