Africa and the Millennium Development Goals Charles Mutasa, Mark Paterson, 2015-10-29 This unique work by the Centre for Conflict Resolution CCR Cape Town South Africa tracks the progress Africa has made in achieving the United Nations Millennium Development Goals MDGs since 2000. Thirteen analytical chapters written by scholars and practitioners with expertise in the various areas covered by the eight MDGs are organized around the larger themes of political economy structural issues sustainable goals and human development goals. They critically assess the progress that Africa has made towards the achievement of the MDGs discuss how to accelerate that progress and offer alternatives and recommendations in support of institutions in Africa that are engaged in promoting the achievement of sustainable development. Throughout they examine the role of various actors including the African Union Africa's regional economic communities the United Nations the European Union etc civil society and other external development partners in light of their contributions shortfalls and viable options in shaping the continent's development agenda. Together they provide a unique assessment from experts on the ground of whether the goals were a success and what remains to be done to achieve sustainable economic and human development in Africa.

Economics of Agricultural Development George W. Norton, Jeffrey Alwang, William A. Masters, 2014-09-25 *Economics of Agricultural Development* examines the causes severity and effects of poverty population growth and malnutrition in developing countries. It discusses potential solutions to these problems progress made in many countries in recent years and the implications of globalization for agriculture poverty and the environment. Topics covered in the book include Means for utilizing agricultural surpluses to further overall economic development The sustainability of the natural resource environment Gender issues in relation to agriculture and resource use The contribution of agricultural technologies The importance of agricultural and macroeconomic policies as related to development and trade and the successes and failures of such policies Actions to encourage more rapid agricultural and economic development The globalization of trade in goods services and capital has been fundamental to changes being experienced in the agricultural and rural sectors of developing countries. It has major implications for the fight against poverty and food insecurity and for environmental sustainability. Recently agriculture has returned to a position of center stage in the development dialog as food price volatility has increased along with water scarcity and concerns grow over the effects of climate change on food supply and food security. This new edition of the essential textbook in the field builds on the 2010 edition and reflects the following developments Growth in foreign demand for land and other natural resources Significant progress in agricultural and economic development in some low income countries while others are being left behind Continued growth in demand for higher valued farm products This book is essential reading for undergraduate students seeking to understand the economics

of agricultural development and the world food system including environmental and human consequences international trade and capital flows **Keeping the Republic** Christine Barbour, Gerald C. Wright, 2016-11-19 This refreshed and dynamic Eighth Edition of Keeping the Republic revitalizes the twin themes of power and citizenship by adding to the imperative for students to navigate competing political narratives about who should get what and how they should get it The exploding possibilities of the digital age make this task all the more urgent and complex Christine Barbour and Gerald Wright the authors of this bestseller continue to meet students where they are in order to give them a sophisticated understanding of American politics and teach them the skills to think critically about it The entire book has been refocused to look not just at power and citizenship but at the role that control of information and its savvy consumption play in keeping the republic
