Writing BLUE HIGHWAYS William Least Heat-Moon, 2014-05-13 Winner Distinguished Literary Achievement Missouri Humanities Council 2015 The story behind the writing of the best selling Blue Highways is as fascinating as the epic trip itself More than thirty years after his 14 000 mile 38 state journey William Least Heat Moon reflects on the four years he spent capturing the lessons of the road trip on paper the stops and starts in his composition process the numerous drafts and painstaking revisions the depressing string of rejections by publishers the strains on his personal relationships and many other aspects of the toil that went into writing his first book Along the way he traces the hard lessons learned and offers guidance to aspiring and experienced writers alike Far from being a technical manual Writing Blue Highways The Story of How a Book Happened is an adventure story of its own a journey of exploration into the myriad routes of heart and mind that led to the making of a book from the first sorry and now vanished paragraph to the last words that came not from a graphite pencil but from a letterpress in Tennessee Readers will not find a collection of abstract formulations and rules for writing rather this book gracefully incorporates examples from Heat Moon's own experience As he

explains This story might be termed an inadvertent autobiography written not by the traveler who took Ghost Dancing in 1978 over the byroads of America but by a man only listening to him That blue roadman hasn't been seen in more than a third of a century and over the last many weeks as I sketched in these pages I've regretted his inevitable departure Filtered as the struggles of the blue roadman are through the awareness of someone more than thirty years older with a half dozen subsequent books to his credit the story of how his first book happened is all the more resonant for readers who may not themselves be writers but who are interested in the tricky balance of intuitive creation and self discipline required for any artistic endeavor

Swiss Recipe To Happiness Stephan Bosshard, 2015-07-27 This is the story of a Swiss businessman who thought he had fulfilled his dreams but then realized that on the way he had lost sight of his real goals He let go of what he had achieved sold his company and regained what he had lost his freedom His autobiography which reads like a suspenseful novel is a great success story with heart and soul And he has found the recipe to happiness The man is Stephan Bosshard Although Stephan Bosshard was born on August 6 1960 and raised in Switzerland it wouldn't be quite appropriate to call him the typical Swiss Due to his not exactly carefree childhood he took his life into his own hands quite early and began to dream of true happiness He found it not where one might expect in his success and wealth but in the subtleties of daily life He learned from experience that true happiness consists of love leisure time and good health On the zenith of his career around the turn of the Millennium he decided to let go He sold his life's work the famous Pretzel King business at a profit For the time being that spelled a Happy End to his earlier chase after happiness Today Bosshard lives a happy contented life with his wife and their dog GIGI away from any common daily routine in Switzerland and on his yacht in Florida He is convinced that on the way he has found his Recipe for Happiness
