Alternatives to Privatizing Public Education and Curriculum Daniel Ness, Stephen J. Farenga, 2017-03-16. Through conversations in honor of Dale D. These enterprises have been given wide access to state resources such as public data from state sanctioned testing results field testing rights to public schools and financial assistance. Chapter authors challenge this paradigm as well as the model that has set growing premiums on accountability and performance measures. Connecting common impact between the standards movement and the privatization of education, this book lays bare the repercussions of high stakes accountability coupled with increasing privatization.
