The Genesis of God Michael Faust, Many atheists consider Darwin's theory of evolution the proof that God does not exist On the contrary it is the basis of God's existence God is not the creator of the universe but rather its ultimate creation the optimal expression of the inherent potential of the cosmos He is the maximum actualization of possibility Physicists say that anything not forbidden is compulsory God is the compulsory apex of cosmic existence Modern science has led to a complete loss of a religious sensibility in the Western world Religious assertions increasingly sound crazy and ridiculous The irony is that religion is ultimately scientific There is no contradiction between science and religion It is not religion that is abolished by science but atheism Welcome to the world of the scientific God of cosmic evolution God not only exists he is inevitable Here is the proof from first principles **Skunks, Trunks, And Pedro** Maria Rachel Hooley, 2011-07-28 What do you get when Andy Griffith meets Night at the Museum A comedic novel called *Skunks Trunks and Pedro* Chris Banks a newly appointed sheriff is up for a rude awakening as Wallace and Willie Gumble two backwoods twins with more money than sense strive to break every stupid law on the books including whaling in Oklahoma All Chris wants to do is propose to Debbie Morgan and settle into small town bliss But with a town mayor who dresses up like a skunk a stuffed buffalo named Pedro making appearances and a bipolar midget chasing a circus trained elephant named Trunks it's going to take a miracle to get the words Will you marry me out There's also Richard Stone a close friend who is dying from cancer Chris is his only option to care for his sixteen year old daughter Shelly Chris can't seem to handle the wildlife and isn't so sure he's going to fare much better with a teenager but when life hands you livestock you just have to join the herd For Chris that just might mean a life not only with Debbie but also Shelly **The Quixote Cult** Genaro González, 1998-10-30 The late 1960s was a heady time to come to adulthood even in deep South Texas When the narrator of *The Quixote Cult* known simply as De la O begins college he discovers a world of political activists Vietnam veterans small time drug dealers and academic opportunists unlike anything he and his friend Lucio ever experienced in the barrio And the more he sees of the fighting between La Raza revolutionaries union members political bosses and paramilitary protesters the more De la O wonders if the preaching of Chicano brotherhood isn't simply the flowering of another crackpot cult But as he encounters day care radicals tilts at institutional windmills and learns about St Che and other icons De la O also meets such living wonders as the Jewish Aztec Princess and The Brown Barbie *The Quixote Cult* confirms Genaro González's reputation as a rambunctious quirky writer whose characters as *The Nation* wrote combust into their own living full colored reality even as they take on such important hippie era questions as You guys do bathe don't you **From Chicago Bus Driver to The God Man** Rae Ann

Fugate,2014-06-20 God used an ordinary man a gambler on an ordinary job to witness for him on the dark night streets in the downtown Loop of Chicago There were drunks police incidents riots and people trying to get to their night jobs There were snowstorms and nasty teenagers There were trials and blessings and all the while God had a plan He taught this dedicated family man to talk to hundreds of people while driving his bus about how God forgave his sin gave him peace with himself and his gift of eternal life Read what God accomplished and determine to allow him to use you where you are too

Awareness Alone Nicholas Frost,2021-05-25 There is one indivisible real substance that is absolutely aware No one has ever been able or will ever be able to prove that anything exists outside it It is literally all that you and I can ever be Understanding that there is no Other beyond endless becoming born of desire and fear we should accept ourselves as eternal awareness alone The goals of this factual text are specific 1 To affirm the utter transparency of ourselves as effortless existence awareness 2 To affirm the world s manifestations as nothing but organs and conditions of borderless existence awareness 3 To reconcile awareness in its modes of feeling and volition potential and kinetic 4 To deconstruct all limiting paradigms of border person ego name form time space cause change duality context body independent arising death 5 To affirm awareness as ever absorbed singular beyond polarised notions of subject and object Those who entertain the notion that consciousness is some kind of evolutionary product that evolves from unconscious states without ever offering a single example of how this happens will resist the proofs in this book that the absolute condition of existence is consciousness itself and that these words and these worlds are its eternal affirmation Even a cursory summary of our position reveals its absoluteness in that body senses feelings and thoughts function effortlessly as expressions of boundless profundity Meanwhile our experience at any moment is absolute never polarised as seer and seen self and other The apparent infinite ramification of awareness as ego sense feeling thought imagination memory and so forth prevents us from surrendering in awe at awareness sole and extraordinary presence Our confusion lies in the perceived hiatus between absolute receptivity feeling and absolute volition power of concentration whereby awareness is obscured as ideas and their forms name atom time space cause Observe this pulsing this becoming of awareness Without utter receptivity how could anything be discerned How can awareness modify where the context is ever itself And where is the border between limited and limitless The issue turns on a single question To whom does any idea action displacement etc occur Who is the witness and dancer of all phenomena We must embrace the necessity for enquiry our responsibility for suffering and its cause limitation All our phantom boundaries mental conventions entrenched by habit are exposed as the thieves and dictators that they are What is ignorant suffers is born and dies is lost Ego that seeker desirer little I definer fixator achiever phantom gatekeeper material idea superimposition dictates experience enforcing the lie that forms independently arise where we drown in relativities and knowledge by inference and labelling replaces that of identity and our obsessively built personae amount to no more than cardboard cutouts Beyond self distraction beyond the clamour to build an ideational machine paradise beyond endless fear

that we will cease to be our rock and role is to be as we are Peace is the goal a permanent security beyond the see saw of need dependency and dissatisfaction Yet there s no patience no surrender without understanding To deconstruct brings us detachment which opens the way to an effortless joy We then wear the world s jewels lightly knowing them to be the very delight of the Supreme While we ever appear to act we don t cling to action s seeds and consequences We become transparent simple ever now ever here borderless eternal If this text appears persistently abstract or solipsistic or impractical or absurd chew on it in bits with patience The writer has oftentimes hesitated fearing that a plethora of words only adds to the problem In the end he points a finger to the sun plays tunes on the strings of our ever present awareness so that each utterance seeks to be a nugget a homecoming Our liberation does not lie in the passage of time or experience or any future state It lies in surrender to an unutterable miracle that we are one effortless absolute aware presence that while appearing to pulse as a relentless becoming ever affirms its own borderless freedom About the Author Australian author educator director composer and yoga teacher His fiction and non fiction works address core psychological and philosophic dilemmas
