Marcus Tullius Cicero

Nous Les Avons Tant Aimeacutes:

The London Journal: and Weekly Record of Literature, Science, and Art ,1860 **The Modern Philosopher,**
Letters to Her Son and Verses on the Siege of Gibraltar, by Elizabeth Craven Julia Gasper,2018-06-11 This book offers
a modern edition of three fascinating and important works by Elizabeth Craven 1750 1828 an English author who lived for
many years on the Continent Craven is mainly remembered for her scandalous personal life but deserves more serious
attention She was influenced by Enlightenment ideas and took a broad interest in the events of her time The Modern
Philosopher 1790 is a satire on the egalitarian theories of the French Revolution The intellectual Longinius advocates
equality in theory as perfectly logical but is dismayed when his household put it into practice Its love plot has a happy ending
Written originally in French it is here translated for the first time Letters to Her Son 1784 is a book of advice on marriage
that should be regarded as a pioneering feminist text Craven boldly denounces the tyranny of husbands the oppressive laws
of the institution of marriage and the fact that women were categorized as a second sort of beings She condemns the law that
gave a husband custody of the children after divorce even if he had been violent or unfaithful She looks forward to replacing
all that with a model of marriage in which the partners are equal companions and seek happiness rather than dominance
Verses on the Siege of Gibraltar 1785 is a satirical poem concerning the battle for Gibraltar which was besieged by the
French and Spanish during the American War of Independence Military vanity heroic posturing and weird contraptions all
serve as targets for her biting wit and artful mockery Put together these three works demonstrate Craven s versatility as a
writer and startling modernity **Index Medicus** ,2004 Vols for 1963 include as pt 2 of the Jan issue Medical subject
