Passage (click here to show all)

1. Water droplets pattered onto the gold and brown leaves that covered the forest floor. The last shreds of cloud glided away toward the low hills, and the moon beamed down in their wake. The rain stopped just in time for the porcupine's nightly foraging to begin.

2. The dark brown, chunky figure climbed down the tree trunk and shuffled over the soggy leaf carpet. Her search for tasty vegetation that might linger in sheltered spots turned up meager pickings, however. There had already been several nights of hard frost so the animal spent more time traveling than eating. Before the night was half over, she'd wandered out of her usual territory and into a clearing where a rustic cottage overlooked a lake.

Question 11

"Reflected moonlight from the rippled surface of the lake knifed through slits in the dock."

Which statement best explains the meaning of the sentence above?

☐ A. Water was wearing away at the dock like a sharp tool.

☐ B. Moonlight revealed a knife that had fallen into the lake.

☐ C. Narrow rays of moonlight shone up between the boards of the dock.

☐ D. Moonlight reflected off the water like light glancing off a sharp knife.

Substance Misuse Prevention Program Attendance Marni L. Kan, Hsiu Chen Yeh, Lisa M. Schainker, Jessica Nelson, Samantha Charm, Cleve Redmond, Richard Spoth, 2022-12-19 Typical life circumstances for military families may impact their participation in prevention programs yet little is known about what factors influence their participation The current study examined predictors of attendance in the Strengthening Families Program For Parents and Youth 10 14 for Military Families a universal in person program designed to improve family functioning and reduce youth substance misuse and other problem behaviors Participants included 159 parent child dyads randomly selected to be offered the 7 week family program Analyses examined demographic characteristics deployment experiences time spent waiting for the program to begin and psychosocial functioning as predictors of attendance in a series of regression models Of the 39 percent of families that attended any program sessions the majority 71 percent attended at least four of the seven sessions Attendance varied significantly across the geographic areas in which groups were held Prior service utilization youth conduct problem behavior parental history of deployment and family conflict were each positively associated with attendance whereas parent tobacco use was negatively associated with attendance These results highlight the challenges in recruiting military families into in person prevention programs and suggest that extra efforts may be needed to engage families that do not perceive that they have a need for support

The OIC, the UN, and Counter-Terrorism Law-Making Katja Samuel, 2014-07-18 The increasingly transnational nature of terrorist activities compels the international community to strengthen the legal framework in which counter terrorism activities should occur at every level including that of intergovernmental organizations This unique timely and carefully researched monograph examines one such important yet generally under researched and poorly understood intergovernmental organization the Organization of Islamic Cooperation OIC formerly the Organization of the Islamic Conference In particular it analyses in depth its institutional counter terrorism law making practice and the relationship between resultant OIC law and comparable UN norms in furtherance of UN Global Counter Terrorism Strategy goals Furthermore it explores two common mis assumptions regarding the OIC namely whether its internal institutional weaknesses mean that its law making practice is inconsequential at the intergovernmental level and whether its self declared Islamic objectives and nature are irrelevant to its institutional practice or are instead reflected within OIC law Where significant normative tensions are discerned between OIC law and UN law the monograph explores not only whether these may be explicable at least in part by the OIC s Islamic nature and objectives but also whether their corresponding institutional legal orders are conflicting or cooperative in nature and the resultant implications of these findings for international counter terrorism law and policy making This monograph is expected to appeal especially to

national and intergovernmental counter terrorism practitioners and policy makers as well as to scholars concerned with the interaction between international and Islamic law norms From the Foreword by Professor Ben Saul The University of Sydney Dr Samuels book must be commended as an original and insightful contribution to international legal scholarship on the OIC Islamic law international law and counter terrorism It fills significant gaps in legal knowledge about the vast investment of international and regional effort that has gone into the global counter terrorism enterprise over many decades and which accelerated markedly after 9 11 The scope of the book is ambitious its subject matter is complex and its sources are many and diverse Dr Samuel has deployed an appropriate theoretical and empirical methodology harnessed an intricate knowledge of the field and brought a balanced judgement to bear to bring these issues to life *Girls Have Academic Advantages and So Do Boys* Jodie Fonseca, Laiba Bahrawar, Margaret M. Dubeck, Yasmin Sitabkhan, Christopher Cummiskey, Devanshi Unadkat, 2023-05-15 This paper contains a new analysis of gender differences in early grade reading and mathematics outcomes in 19 USAID funded studies over the past decade from 14 locations in Africa Asia Latin America and the Middle East The paper addresses gaps in the literature related to learning patterns for girls and boys in lower and middle income countries and in early primary school We analyzed the results from reading and mathematics assessments in grades 2 and 3 including differences in oral reading fluency ORF and quantitative comparison scores between boys and girls as well as differences in score distributions by gender In line with results from assessments in upper grades and in wealthier countries we found that girls consistently outperformed boys in reading In mathematics boys slightly outperformed girls although the differences were typically not large Global experience has shown that patterns in poor performance become more entrenched the further learners progress through the grades suggesting that early interventions for boys in reading and girls in mathematics could have long term benefits At the same time both girls and boys typically score below expectations in the two subjects across countries necessitating targeted strategies to improve outcomes for both genders early in their educational trajectories **Daily Graphic** Nana Addo Twum, 1981-01-28 **The Chartered Surveyor**, 1964 *Arizona's Academic Standards Assessment (AASA) Test Prep: Grade 7 English Language Arts Literacy (ELA) Practice Workbook and Full-length Online Assessments* Lumos Learning, 2022-09-25 *Arizona's Academic Standards Assessment AASA Test Prep Grade 7 English Language Arts Literacy ELA Practice Workbook and Full length Online Assessments* Arizona Test Study Guide **New York State Test Prep** Lumos Learning, 2017-10-25 This book is designed to help students get New York State Test NYST 2017 18 rehearsal along with standards aligned rigorous skills practice It Includes Access to Online Resources 2 Practice Tests that mirror the New York State Test NYST Assessments Self paced learning and personalized score reports Strategies for building speed and accuracy Instant feedback after completion of the Assessments Standards based Printed Workbooks Reading Literature Reading Informational Text Language Students will have the opportunity to practice questions related to all the critical english language arts ELA learning objectives included in the common core state standards CCSS Teachers Get FREE
