Dayton, David Fraser, 1990-10-01 Planning strategies for world evangelization Edward R. ; Fraser Dayton (David A.), 1990 *Telling God's Stories with Power* Paul F. Koehler, 2010-06-01 Biblical Storytelling in Oral Cultures This is a complete and practical introduction to storying especially for people who want to learn about using biblical storytelling in cross cultural contexts and who want to train others to become storytellers It includes many fascinating accounts of the responses of tribal people to the first proclamation of the gospel through storytelling The result of years of research and field testing *Telling God's Stories with Power* is a product of the author's own journey as he confronted the challenges of teaching the Bible in parts of the world where people are unaccustomed to a Western style of learning Full of innovative and groundbreaking insights this study is packed with ideas explanations and constructive suggestions stated in clear and simple language Throughout the book there are extensive examples from the storytellers own experiences Tracing the movement of the biblical stories across multiple generations of tellers and listeners storytelling is found to be superior for knowledge transfer and for bypassing resistance to the gospel in oral contexts thus presenting clear evidence of the effectiveness of biblical narrative among oral learners World Mission Scott N. Callaham, Will Brooks, 2019-06-12 World missions needs a fully biblical ethos This is the contention of the editors of and contributors to *World Mission* a series of essays aimed at reforming popular approaches to missions In the first set of essays contributors develop a biblical theology of world missions from both the Old and New Testaments arguing that the theology of each must stand in the foreground of missions not recede into the background In the second they unfold the Great Commission in sequence detailing how it determines the biblical strategy of all mission enterprises Finally they treat current issues in world missions from the perspective of the sufficiency of Scripture Altogether this book aims to reform missions to be thoroughly not just foundationally biblical a needed correction even among the sincerest missionaries
