

Blackburne, 1997, p. 131: "Black and Shapere's (1996) book is a very welcome contribution to the philosophy of science, and in particular to the philosophy of biology."

But as things are, evolutionary developmental biology has been off to a slow start. It has been a somewhat barren field for evolutionary biologists. Other organisms have proved more tractable, and could not get enough traction. It takes time to catch up. Perhaps there is something else, some other something, that is being overlooked – something that is being overlooked.

In addition, we have a growing number of people who are not doing it. – something that is being overlooked.

But there is also a growing number of people who are not doing it. – something that is being overlooked. – something that is being overlooked.
