Myanmar's 'Rohingya' Conflict Anthony Ware, Costas Laoutides, 2018 Offers new analysis of the complexities of the conflict and new insights into what is preventing a peaceful resolution to this intractable

Containing decolonisation Matthew Bowser, 2025-09-02 This book examines British imperialism in late colonial Burma to study how imperialists attempted to protect their strategic and economic interests after decolonisation they did so by supporting ethnonationalism This process resembles the Cold War tactic of containment and the book makes a crucial contribution to the study of modern imperialism by demonstrating the continuity between containment's late and neo colonial manifestations For Burma Myanmar it also explores the origin of the present day military junta's racial regime it emphasizes the protection of the ethnoreligious majority from ethnic minority insurgency The Rohingya people are currently suffering a genocide because of this racial regime As the country endures civil war against the junta this book highlights how ethnonationalists in the late colonial period first promoted this racial regime to seize power and prevent revolution a process supported by British imperialists for their own ends

Of the Nation Born Hameeda Hossain, Amina Mohsin, 2016-05-30 The Sexual Violence and Impunity in South Asia research project coordinated by Zubaan and supported by the International Development Research Centre brings together for the first time in the South Asian region

a vast body of research on this important and yet silenced subject Six country volumes one each on Bangladesh Nepal Pakistan Sri Lanka and two on India as well as two standalone volumes comprising over 50 research papers and two book length studies detail the histories of sexual violence and look at the systemic institutional societal individual and community structures that work together to ensure that impunity for perpetrators is more or less inbuilt As many of the authors argue the very nature and conditions of sexual violence in the South Asian region lend themselves to a silencing process or at a minimum a reluctance to address it head on something that may at least partially explain why accountability for sexual violence remains such a distant horizon This volume focuses on Bangladesh a nation born in 1971 in a birth that was as marked by bloodshed as it was by sexual violence The history of widespread sexual violence and incidents of sexual slavery as well as the absence of accountability for the perpetrators is by now well known The essays here address the structural dynamics of impunity at the individual and societal levels looking not only at the conditions that go into its creation but also the elements that fuel it They ask what helps it to become so embedded and point to its human global and national costs Together they explore the ways in which the women s movement and feminist practice have worked to demand accountability and recognition for the victims and survivors of sexual violence challenging the impunities embedded in the patriarchal structures of Bangladeshi society In doing so they bear witness to the continuing efforts of women s groups in Bangladesh to give this crucial issue the attention that it deserves for without that justice for victims and survivors will remain elusive

Globalization and the Health of Indigenous Peoples Ahsan Ullah,2016-11-18 In 70 countries worldwide there is an estimated 370 million indigenous peoples and their rich diversity of cultures religions traditions languages and histories has been significant source of our scholarships However the health status of this population group is far below than that of non

indigenous populations by all standards Could the persisting reluctance to understand the influence of self governance globalization and social determinants of health in the lives of these people be deemed as a contributor to the poor health of indigenous peoples Within this volume Ullah explores the gap in health status between indigenous and non indigenous peoples by providing a comparative assessment of socio economic and health indicators for indigenous peoples government policies and the ways in which indigenous peoples have been resisting and adapting to state policies A timely book for a growing field of study Globalization and the Health of Indigenous Peoples is a must read for academics policy makers and practitioners who are interested in indigenous studies and in understanding the role that globalization plays for the improvement of indigenous peoples health across the world Empowering Subaltern Voices Through Education Urmee Chakma,2023-02-28 Based on a four year long empirical study this book employs contemporary theories from the Global South to investigate the role of education in the experience of migration and settlement of the Chakma people of Bangladesh in the city of Melbourne Australia Exploring the migration opportunities taken up by the Chakma and their efforts to retain promote and enrich their ethnic identity in Australia the book critically examines the importance of education for ethnic linguistic and religious minorities and the extent to which education helped the diasporic community in achieving a better and more secure life It also positions education as a tool to help revive maintain and enrich the importance of culture and tradition both in the home country and in the place of settlement and offers a theorisation of how the self directed pursuit of education can create opportunities for minority peoples to advocate human rights Indigenous recognition and criticise a state s failure to provide safety and security This book will be of interest to academics and postgraduate students researching in the fields of education diaspora studies Indigenous studies and migration studies **Becoming Organic** Shaila Seshia Galvin,2021-05-18 A rich original study of the social and bureaucratic life of organic quality that challenges assumptions of what organic means Tracing the social and bureaucratic life of organic quality this book yields new understandings of this fraught concept Shaila Seshia Galvin examines certified organic agriculture in India s central Himalayas revealing how organic is less a material property of land or its produce than a quality produced in discursive regulatory and affective registers Becoming Organic is a nuanced account of development practice in rural India as it has unfolded through complex relationships forged among state authorities private corporations and new agrarian intermediaries **Adivasis, Migrants and the State in India** Jagannath Ambagudia,2018-12-07 This book looks at the contested relationship between Adivasis or the indigenous peoples migrants and the state in India It delves into the nature and dynamics of competition and resource conflicts between the Adivasis and the migrants Drawing on the ground experiences of the Dandakaranya Project when Bengali migrants from erstwhile East Pakistan now Bangladesh were rehabilitated in eastern and central India the author traces the connection between resource scarcity and the emergence of Naxalite politics in the region in tandem with the key role played by the state He critically examines the way in which conflicts between these groups emerged and interacted were

shaped and realised through acts and agencies of various kinds as well as their socio economic cultural and political implications The book explores the contexts and reasons that have led to the dispossession deprivation and marginalisation of Adivasis Through rich empirical data this book presents an in depth analysis of a contemporary crisis It will be useful to scholars and researchers of political studies South Asian politics conflict studies political sociology cultural studies sociology and social anthropology

Islam and Egalitarianism in Colonial Bengal Ananya Dasgupta, 2023-03-24 This book is a historical exploration of the social and cultural processes that led to the rise of the ideology of labor as a touchstone of Bengali Muslim politics in late colonial India The book argues that the tremendous popularity of the Pakistan movement in Bengal is to be understood not just in terms of communalization of class politics or even separatist demands of a religious minority living out anxieties of Hindu political majoritarianism but in terms of a distinctively modern idea of Muslim self and culture which gave primacy to production labor as the site where religious moral ethical as well as economic value would be anchored In telling the story of the formation of a modern Muslim identity the book presents the conceptual congruence between Islam and egalitarianism as a distinctively early twentieth century phenomenon and the approach can be viewed as key to explaining the mass appeal of the desire for Pakistan A novel contribution to the study of Bengal and Pakistan's origins the book will be of interest to researchers studying South Asian history the history of colonialism and end of empire South Asian studies including labor studies Islamic Studies and Muslim social and cultural history

Doctoring Traditions Projit Bihari, 2016-10-14 Like many of the traditional medicines of South Asia Ayurvedic practice transformed dramatically in the later nineteenth and early twentieth centuries With *Doctoring Tradition* Projit Bihari Mukharji offers a close look at that recasting upending the widely held yet little examined belief that it was the result of the introduction of Western anatomical knowledge and cadaveric dissection Rather Mukharji reveals what instigated those changes were a number of small technologies that were introduced in the period by Ayurvedic physicians men who were simultaneously Victorian gentlemen and members of a particular Bengali caste The introduction of these devices including thermometers watches and microscopes Mukharji shows ultimately led to a dramatic reimagining of the body By the 1930s there emerged a new Ayurvedic body that was marked as distinct from a biomedical body Despite the protestations of difference this new Ayurvedic body was largely compatible with it The more irreconcilable elements of the old Ayurvedic body were then rendered therapeutically indefensible and impossible to imagine in practice The new Ayurvedic medicine was the product not of an embrace of Western approaches but of a creative attempt to develop a viable alternative to the Western tradition by braiding together elements drawn from internally diverse traditions of the West and the East

The Odds Revisited K. A. S. Murshid, 2022-11-10 This book looks at Bangladesh at and beyond its fifty years since its formation in 1971 A comprehensive holistic narrative is constructed to track key development dynamics at the sectoral sub sectoral and macro levels This much needed exercise dispels the notion that the Bangladesh surprise can be reduced to singular dimensions such

as the trauma of the 1971 war or women's empowerment and micro credit. The mixture of economic history, political economy and institutional and actor analysis provide fresh insights to the themes addressed. A well argued case to view emerging Bangladesh as the newest member of the Flying Geese club. *The Odds Revisited* includes a detailed review of macro and sectoral developments over the last fifty years and provides new material and insights into the rise of Bangladesh's capitalist class, a socio-economic perspective of the role of Dhaka based urbanization and the rise of a new middle class.

Gender, Violence and the State in Asia Amy Barrow, Joy L. Chia, 2016-07-01 While gender based violence occurs in all societies irrespective of the level of development or cultural setting, whether in conflict or peacetime, the challenges for legal responses to gender based violence are particularly acute in Asia. This book addresses the lack of academic discourse on gender based violence in Asia beyond domestic violence by demonstrating that gendered violence exists within many different contexts and is perpetuated by multiple actors. Bringing together scholars, legal practitioners and human rights advocates, the book examines the intersections between gender violence and the state in Asian contexts. It considers the role of state institutions in perpetuating and preventing violence based on gender and identity and thus contributes to growing scholarship around due diligence standards under international law. Analyzing both physical and structural gender based violence, it scrutinizes how such violence exists within a landscape shaped by distinct cultural norms, laws and policies and grapples with how to practically translate international human rights standards about state responsibility into these complex domestic environments. Contributors from diverse backgrounds draw on case studies and empirical research to ground this academic scholarship in lived experiences of individuals and their communities in Asia. By bridging the divide between policy, laws and practice to offer a unique insight into both theoretical and practical responses to how gender based violence is understood within communities and state institutions in Asian countries, this book will appeal to students and scholars of Asian studies, Gender Studies and Law.

India's Near East Avinash Paliwal, 2024-07-31 Celebrated as a theatre of geo-economic connectivity typified by the Act East policy, India's near east is key not only to its great power rivalry with China, which first boiled over in the 1962 war, but to the idea of India itself. It is also one of the most intricately partitioned lands anywhere on Earth. Rent by communal and class violence, the region has birthed extreme forms of religious and ethnic nationalisms and communist movements. The Indian state's survival instinct and pursuit of regional hegemony have only accentuated such extremes. This book scripts a new history of India's eastward looking diplomacy and statecraft. Narrated against the backdrop of separatist resistance within India's own northeastern states as well as rivalry with Beijing and Islamabad in Myanmar and Bangladesh, it offers a simple but compelling argument. The aspirations of Act East mask an uncomfortable truth: India privileges political stability over economic opportunity in this region. In his chronicle of a state's struggle to overcome war, displacement and interventionism, Avinash Paliwal lays bare the limits of independent India's influence in its near east.
