Vv.,2015-09-17T00:00:00+02:00 The volume The Italian Method of la drammatica its Legacy and Reception includes the long
and complex investigation to identify the Italian acting code system of the drammatica used by nineteenth century Italian
actors such as Adelaide Ristori Giovanni Grasso Tommaso Salvini Eleonora Duse In particular their acting inspired
Stanislavsky who reformed twentieth century stage The declamatory code of the drammatica was composed by symbols for
notation of voice and gesture which Italian actors marked in their prompt books The discovery of the drammatica s code
sheds new light on nineteenth century acting Having deciphered the phonetic symbols of the code Anna Sica has given birth
an investigation with a group of outstanding scholars in an attempt to explore the drammatica s legacy and its reception in
Europe as well as in Asia At this stage new evidence has emerged proving that for instance the symbol used by the
drammatica actors to sign the colorito vocale was known to English actors in the second half of the nineteenth century By
noting how Adelaide Ristori passed on her art to Irving s actress Genevieve Ward and how Stanislavsky almost aflame
moulded his system from Duse s acting an unexplored variety in the reception of the drammatica s legacy is revealed **Atti**
