The Other Side of Teaching Evelyn Uddin-Khan, 2015-03-13 The substandard education most American students receive isn't the fault of teachers As longtime educator Evelyn A Uddin Khan points out few parents and politicians know what actually goes on behind the closed doors of public schools Most teachers operate under exploitative conditions overseen by school administrators corrupt with power Unlike past eras where students once brought apples to their teachers most teachers can count on students to be bored and irresponsible and to make spurious claims to their rights when their asocial behavior is challenged in a classroom setting She shows how education standards have eroded amidst an atmosphere where grades are inflated curricula are diluted and ignorance is mass produced She shows how the once powerful teachers unions have become little more than voting machines how segregation is alive in NYC and how a death threat is taken in stride Many of the incidents and anecdotes are real life stories where the names of the participants have been changed in order to protect their identities Her informative challenging book is an attempt to set the record straight on the reputation of public school teachers who she feels have been unfairly maligned in the press and in current political debates

Window to Eternity Edgar L. Biamonte, 2012-05-03 Window to Eternity theorizes that the material world is our learning plane that is a stage as Shakespeare maintains Nor is physical life meaningless as agnostics atheists and many sufferers often contend Were it so our Creator would be stupid for having created us which contradicts the incredible clock running universe the spiritual world heaven and life that It created Religions odd philosophies superstitions fearful notions and so on have clouded mans understanding about our purpose here not our Creator Simply put God gives us the opportunity to utilize objects things so we can learn how to be generous and loving not greedy revengeful and cruel which we cannot learn or reject in a spiritual domain lacking anything tangible Although many believe or have faith that God answers prayers and interferes in our lives were this true It would have long since stopped wars famines and disasters et cetera most of which we have caused Nor does this mean that we cannot receive help from great souls like Jesus as this author discusses Though God has given us free choice It created us fallible Therefore judging punishing and sending some of us to hell a concept which we concocted not

God for so called sins while saving favorites during Armageddon would be injustice sublime Besides whisking favorites away while leaving most of us behind to suffer catastrophic pain and anguish would be the epitome of immorality worse than what civilizations worst dictators wreaked upon us The Supreme Intelligence is obviously loving or nothing would exist Beliefs that suggest otherwise are irreverent Window to Eternity evaluates that we are mostly in tune with the physical part of ourselves not the spiritual namely the soul though it lives forever after entering the next world Furthermore although we depend on parents to raise us employers to provide jobs so we can eat and so on there our souls are free to group with morally and spiritually compatible others Despite the glitter gadgets and toys for young and old our challenge in a mostly capitalistic world is to strive to be much more loving than we are which is a positive energy force we must take to the next dimension in order to prevent negative souls from overruling it which would cause its collapse including the Creator our world and us
