Illustrated, Etc Lodovico Ariosto,1858 **The Rose-amateur's Guide** Thomas Rivers,1861 The Rose of the World Daniel Andreev,1997-12 9 lectures Dornach February 1923 CW 221 There is a great difference between the meaning of know yourself in the ancient mystery centers and its meaning today In ancient times one tried to achieve after death what one can now attain during earthly life In order to reach higher stages of development after we die we must become fully human during life on Earth Such matters have changed over millennia of human and earthly evolution At the center of the evolution human consciousness is the Christ event Today we must experience the Christ within ourselves as light life and love By adopting the appropriate path of knowledge we can become citizens of the universe rather than hermits on the Earth These lectures are crucial reading for a deeper understanding of the anthroposophic view of our place as human beings in the cosmos This volume is a translation of Erdenwissen und Himmelerkenntnis GA 221 *The Secret Rose, Stories by W. The Romance of the Rose Guillaume de Lorris, Jean de Meun, 2023-06-06 Many English speaking readers of the Roman de la rose the famous dream allegory of the thirteenth century have come to rely on Charles Dahlberg's elegant and precise translation of the Old French text His line by line rendering in contemporary English is available again this time in a third edition with an updated critical apparatus Readers at all levels can continue to deepen their understanding of this rich tale about the Lover and his quest against the admonishments of Reason and the obstacles set by Jealousy and Resistance to pluck the fair Rose in the Enchanted Garden The original introduction by Dahlberg remains an excellent overview of the work covering such topics as the iconographic significance of the imagery and the use of irony in developing the central theme of love His new preface reviews selected scholarship through 1990 which examines for example the sources and influences of the work the two authors the nature of the allegorical narrative as a genre the use of first person and the poem's early reception The new bibliographic material incorporates that of the earlier editions The sixty four miniature illustrations from thirteenth and fifteenth century manuscripts are retained as are the notes keyed to the Langlois edition on which the translation is based

How the "Red Star" Rose Ishikawa Yoshihiro, 2022-01-30 The fact that Snow did not sneak into red China to gather information constituting the basis of his Red Star over China all alone is in many instances misunderstood even by scholars Mao Zedong's biography has been the subject of an international mountain of commentary in China and elsewhere Biographies praising Mao and those slandering him are all based on the American journalist Edgar Snow's 1905 1972 account in Red Star over China for the route Mao traveled from early childhood through his youth How the Red Star Rose introduces the image of Mao and the biographical information made known to the world through the publication of Red Star

and with its publication the circumstances which they fundamentally undermined Ishikawa Yoshihiro uses Mao Zedong as raw material to examine from whence and how ordinary historical information and images which we habitually use unconsciously come into being He desires to help readers to reconsider the historicity of the generation of not only Mao's image but of that of historical materials With a title that evokes Gao Hua's seminal study of Mao Zedong's rise in the Chinese Communist Party Ishikawa Yoshihiro asks two critical questions What did the world know of Mao before the publication of Edgar Snow's *Red Star over China* How did *Red Star* change that understanding With the meticulous research careful documentation and fair minded judgment that characterizes all of Ishikawa's work he shows how little even Moscow and the Communist International knew about Mao before 1936 This study is full of unexpected insights into the origins of early visual images of Mao the background to Snow's historic trip to northern Shaanxi and the evolution of the classic study that he left In a world where balanced judgment of the rise of Mao is increasingly difficult to find Ishikawa's scholarship stands out as a rare model of judicious balance Joseph W Esherick Emeritus Professor Hwei chih and Julia Hsiu Chair in Chinese Studies University of California San Diego This book is first an exquisite excavation on the enabling infrastructures in the writing and publishing of one of the most iconic works in journalistic interviews in the 20th century a text that broke through a wall of intelligence blockade to give to the world in an autobiographical voice and with a striking image the debut of the revolutionary Mao while holed up in a mountain base area It is in addition a history of the reading of the book in multiple languages including Chinese that is indexed to the rise of the Mao cult thereafter Ishikawa captures a moment of a past gearing up in anticipation of a future that never came This book is a must read for all with an interest in Mao journalism and the history of books Wen hsin Yeh Richard H and Laurie C Morrison Chair Professor in History University of California Berkeley Ishikawa offers a challenging reflection on how historical information and images that we take for granted come into being through the twin case studies of images of Mao Zedong before Edgar Snow's famous biography in 1936 and then how Snow's images of Mao were translated and transmuted into Chinese Russian and Japanese Joshua Fogel's careful translation brings this impeccable example of Japanese sinology to the English reading public Timothy Cheek Professor and Louis Cha Chair in Chinese Research University of British Columbia
