Rough Guide To Hip Hop

Xiaolong Qi

Rough Guide To Hip Hop:

The Rough Guide to Hip Hop Peter Shapiro, 2001 This work aims to be the definitive guide to the MCs DJs producers labels graffiti taggers poppers lockers and body rockers involved in the hip hop scene From its origins as the urban folk music of the South Bronx in the mid 1970s to its present incarnation as the world best selling genre hip hop has been one of the most vital and often controversial strands of global popular culture in recent decades *The Rough Guide to Hip-hop* Peter Shapiro, 2005 This definitive guide covers the entire spectrum of hip hop including MCs DJs producers labels graffiti taggers poppers lockers and body rockers *Hip Hop's Amnesia* Reiland Rabaka, 2012-05-18 What did rap music and hip hop culture inherit from the spirituals classic blues ragtime classic jazz and bebop What did rap music and hip hop culture inherit from the Black Women s Club Movement New Negro Movement Harlem Renaissance Hipster Movement and Black Muslim Movement How did black popular music and black popular culture between 1900 and the 1950s influence white youth culture especially the Lost Generation and the Beat Generation in ways that mirror rap music and hip hop culture s influence on contemporary white youth music culture and politics In *Hip Hop s Amnesia* award winning author spoken word artist and multi instrumentalist Reiland Rabaka answers these questions by rescuing and reclaiming the often overlooked early twentieth century origins and evolution of rap music and hip hop culture *Hip Hop s Amnesia* is a study about aesthetics and politics music and social movements as well as the ways in which African Americans unique history and culture has consistently led them to create musics that have served as the soundtracks for their socio political aspirations and frustrations their socio political organizations and nationally networked movements The musics of the major African American social and political movements of the 1950s 1960s and 1970s were based and ultimately built on earlier forms of African American movement music Therefore in order to really and truly understand rap music and hip hop culture we must critically examine both classical African American musics and the classical African American movements that these musics served as soundtracks for This book is primarily preoccupied with the ways in which post enslavement black popular music and black popular culture frequently served as a soundtrack for and reflected the grassroots politics of post enslavement African American social and political movements Where many Hip Hop Studies scholars have made clever allusions to the ways that rap music and hip hop culture are connected to and seem to innovatively evolve earlier forms of black popular music and black popular culture *Hip Hop s Amnesia* moves beyond anecdotes and witty allusions and earnestly endeavors a full fledged critical examination and archive informed re evaluation of hip hop s inheritance from the major African American musics and movements of the first half of the twentieth century classic blues ragtime classic jazz swing bebop the Black Women s Club Movement the New Negro Movement the Harlem Renaissance the Bebop Movement the Hipster Movement and the Black Muslim Movement *Hip-hop Revolution* Jeffrey Ogbonna Green Ogbar, 2007 As hip hop artists constantly struggle to keep it real this fascinating study examines the debates over the core codes of hip hop authenticity as it reflects

and reacts to problematic black images in popular culture placing hip hop in its proper cultural political and social contexts
