Global Depopulation and Redistribution by 2050 A.D. Prithvish Nag,Amrita Paul,2024-03-25 Until recently the world has been preoccupied with over population pressure on resources alarming growth rates fertility and unemployment Issues like reduction in population growth rate increasing longevity the greying population reducing fertility

rates and overall depopulation have not been considered seriously Depopulation has led to redistribution Further the world economy forces women to choose between career and child COVID 19 has further aggravated the situation It appears that population processes are smooth with no major upheavals But if we delve deeper we will find undercurrents happening concurrently which contribute towards population composition These undercurrents have been swift and cannot be captured by decadal censuses Hence one has to depend on alternative sources Surprisingly the electronic media has become quite sensitive to population issues In this book an attempt has been made to understand these issues differently The Complete Idiot's Guide to Understanding Islam Yahiya Emerick,2004 Dispelling the popular myths about Muslims and Islam this is a beginners guide to the history and development of Islam and the Muslim faith The Complete Idiot's Guide to Islam, 3rd Edition Yahiya Emerick,2011-11-01 A revised and updated guide that explores the tenets of the Koran history and culture The Spread of Islam in France Michel Reeber,2001 Since the beginning of the 1980s France has witnessed intensive preaching activity in Muslim quarters Hitherto studies of Islamic preaching by the Muslim community that has settled in France for some decades has been rare This book tries to bring out the significance of this phenomenon of reislamization and mobilisation of the Muslim community in France It also analyses how the preaching of Islam is modified palpably as it evolves in the Western context **New Muslims in the European Context** Anne Sofie Roald,2004-01-01 This material on Scandinavian converts tells the unique story of how Europeans embrace a new religion and their tendency to adjust and modify the social message of their new religion to the social values handled by the society they live in *Islam as it is* Saniyasnain Khan,1994 This book serves as a brief introduction to the entire 114 chapters of the Quran It is a humble effort by the author to convey the essence of the Quran by presenting the contents of each of its surah or chapters in condensed form The focus throughout the book is on the spirit of the Quran on its message and its teachings and on the lessons that should be derived from it from our daily life Although the book is primarily intended for the general readers who are interested in studying the Quran it will also be found a useful too for Dawah Islamic Law and Muslim Same-Sex Unions Junaid Jahangir,Hussein Abdullatif,2016-10-03 This book is written with the objective of reasonably addressing the need of Muslim gays and lesbians for a life which involves intimacy affection and companionship within the confines of a legal contract Contemporary conservative Muslim leaders unreasonably promote false marriages with straight spouses failing which they prescribe the solution of permanent celibacy as a test This book delves into an extensive scholarship on the same sources that conservative Muslim leaders draw on the Qur an Hadith and jurisprudence It is argued that the primary sources of Muslim knowledge addressed sexual acts between the same gender in the context of inhospitality exploitation coercion and disease but not true same sex unions past Muslim scholarship is silent on the issue of sexual orientation and Muslim same sex unions The arguments of contemporary conservative Muslim leaders are deconstructed and the case for Muslim same sex unions is made based on jurisprudential principles and thorough arguments from within the Muslim tradition
