Lock,Patti Frazer Lock,Kari Lock Morgan,Eric F. Lock,Dennis F. Lock,2016-11-22 Statistics Unlocking the Power of Data 2nd Edition continues to utilize these intuitive methods like randomization and bootstrap intervals to introduce the fundamental idea of statistical inference These methods are brought to life through authentically relevant examples enabled through easy to use statistical software and are accessible at very early stages of a course The program includes the more traditional methods like t tests chi square tests etc but only after students have developed a strong intuitive understanding of inference through randomization methods The focus throughout is on data analysis and the primary goal is to enable students to effectively collect data analyze data and interpret conclusions drawn from data The program is driven by real data and real applications Graphic Showbiz Adwoa Serwaa Bonsu,2010-11-11 **Contextualizing Childhoods** Sam Frankel,Sally McNamee,2018-09-29 This edited collection draws together a variety of contexts of contemporary childhoods linking thinking from Canada with spaces in the UK and Sweden The contributors explores the discourses that shape those childhoods and how this then impacts on the way that children come to experience their everyday lives The aim of the book is not to reflect the entirety of childhood experience but to draw off particular expertise that shine a light into partial yet significant areas of children s lives with the contributions engaging with a range of voices and perspectives As a result the collection advocates the need for childhood studies to zoom out from a predisposition to isolate the child which has been seen as a necessary part of conceptualizing childhood As a result the book focuses on a context for childhoods through a consideration of both structure and agency and through this seeks to recognise the interconnected nature of the arenas within which children live their everyday lives A range of themes are covered including the education system identity within the home suicide in communities and younger children s political engagement

and sense of belonging Contextualising Childhoods will be of interest to students and scholars across a range of disciplines including sociology law and education **Self-management and Leadership Development** Mitchell Grant

Rothstein,Ronald J. Burke,2010-01-01 This book is based on a really important timely and relevant idea to bring together sources on the self management of leadership development The book is important because almost all leadership development relies to a great degree on the leader s capability to manage his or her personal development It is timely because there is currently no single volume that covers the topic and it is relevant because leadership is such an extremely important issue for the success of our organizations countries and society in general The editors have done a thoroughly professional job in identifying top quality authors and combining their contributions into a very worthwhile volume Ivan Robertson University of Leeds UK Self Management and Leadership Development offers a unique perspective on how leaders and aspiring leaders can and should take personal responsibility for their own development This distinguished book is differentiated from other books on this topic with its view on the instrumental role played by individuals in managing their own development rather than depending on others such as their organization to guide them Expert scholars in the area of leadership emphasize the importance of self awareness as the critical starting point in the process Explicit recommendations are provided on how individuals can manage their own self assessment as a starting point to their development The contributors present insights and practical recommendations on how individuals can actively self manage through a number of typical leadership challenges Business school faculty teaching electives in leadership and managers who engage in leadership development for themselves or others should not be without this important resource Consulting firms and training institutions offering leadership development programs and participants in MBA and executive development programs will also find it invaluable
