Youth Football Donation Letter

June 15, 2050

Ms. Stacy Murphy

Financial Director

Stellar Corporation

101 Elm Drive

Hillside, TX 75005

Dear Ms. Murphy,

I hope this letter finds you in good health and spirit. I am writing to you on behalf of Holland Football Club, a non-profit organization that strives to provide opportunities and resources for youth to participate in football in our community.

We believe in helping our community's young people develop their physical abilities, teamwork skills, and character through sports. However, our efforts could not be realized without the generous support of individuals like you.

Our annual budget needs for uniforms, footballs, transportation, and tournament fees total up to around \$10,000. We've been managing to carry out our objectives for the past years, yet this year has posed a significant challenge for us. For this reason, I am writing to you today to seek your support. Any financial contribution would be immensely helpful for us to continue serving our youth, who we believe are the future of our society.

Please kindly consider donating to support our local youth and their love for football.

Thank you for considering our letter, and we hope to hear from you soon.

Sincerely,

Aiden Willis

Head Coach

Good Reasons for Better Arguments Jerome E. Bickenbach,Jacqueline M. Davies,1996-09-19 This text introduces university students to the philosophical ethos of critical thinking as well as to the essential skills required to practice it The authors believe that Critical Thinking should engage students with issues of broader philosophical interest while they develop their skills in reasoning and argumentation The text is informed throughout by philosophical theory concerning argument and communication from Aristotle s recognition of the importance of evaluating argument in terms of its purpose to Habermas s developing of the concept of communicative rationality The authors treatment of the topic is also sensitive to the importance of language and of situation in shaping arguments and to the necessity in argument of some interplay between reason and emotion Unlike many other texts in this area then *Good Reasons for Better Arguments* helps to explain both why argument is important and how the social role of argument plays an important part in determining what counts as a good argument If this text is distinctive in the extent to which it deals with the theory and the values of critical thinking it is also noteworthy for the thorough grounding it provides in the skills of deductive and inductive reasoning the authors present the reader with useful tools for the interpretation evaluation and construction of arguments A particular feature is the inclusion of a wide range of exercises rich with examples that illuminate the practice of argument for the student Many of the exercises are self testing with answers provided at the back of the text others are appropriate for in class discussion and assignments Challenging yet accessible *Good Reasons for Better Arguments* brings a fresh perspective to an essential subject
