Sav Manual Uninstall:

Configuring Symantec AntiVirus Enterprise Edition Syngress, 2003-06-17 This is the only book that will teach system administrators how to configure, deploy and troubleshoot Symantec Enterprise Edition in an enterprise network. The book will reflect Symantec's philosophy of Centralized Antivirus Management. For the same reasons that Symantec bundled together these previously separate products, the book will provide system administrators with a holistic approach to defending their networks from malicious viruses. This book will also serve as a Study Guide for those pursuing Symantec Product Specialist Certifications. Configuring Symantec AntiVirus Enterprise Edition contains step by step instructions on how to Design, implement and leverage the Symantec Suite of products in the enterprise. First book published on market leading product and fast growing certification. Despite the popularity of Symantec's products and Symantec Product Specialist certifications, there are no other books published or announced. Less expensive substitute for costly on sight training. Symantec offers week long courses on this same product for approximately 2,500. This book covers essentially the same content at a fraction of the price and will be an attractive alternative for network engineers and administrators. Free practice exam from solutions.syngress.com. Syngress will offer a free Symantec Product Specialist Certification practice exam from syngress.com. Comparable exams are priced from 39.95 to 59.95. *Field Manual* United States. Department of the Army, 1940.

The First International Conference on Digital Forensics and Cyber Crime ICDF2C was held in Albany from September 30 to October 2, 2009. The field of digital forensics is growing rapidly with implications for several fields including law enforcement, network security, disaster recovery and accounting. This is a multidisciplinary area that requires expertise in several areas including law, computer science, finance, networking, data mining and criminal justice. This conference brought together practitioners and researchers from diverse fields providing opportunities for business and intellectual engagement among attendees. All the conference sessions were very well attended with vigorous discussions and strong audience interest. The conference featured an excellent program comprising high quality paper presentations and invited speakers from all around the world. The first day featured a plenary session including George Philip, President of

University at Albany Harry Corbit Superintendent of New York State Police and William Pelgrin Director of New York State Office of Cyber Security and Critical Infrastructure Coordination An outstanding keynote was provided by Miklos Vasarhelyi on continuous auditing This was followed by two parallel sessions on accounting fraud financial crime and multimedia and handheld forensics The second day of the conference featured a mesmerizing keynote talk by Nitesh Dhanjani from Ernst and Young that focused on psychological profiling based on open source intelligence from social network analysis The third day of the conference featured both basic and advanced tutorials on open source forensics
