curriculum objectives for the course and exam ABOUT THE TEST The Advanced Placement Program is designed to allow
high school students to pursue college level studies while attending high school The three hour five minute AP U S History
exam is usually given to high school students who have completed a year s study in a college level U S History course The
test results are then used to determine the awarding of course credit and or advanced course placement in college According
to the College Board students taking this exam are called upon to demonstrate systematic factual knowledge and bring to
bear critical persuasive analysis of the full sweep of U S history This is why we make every effort to establish and build upon
context for you rather than encouraging rote memorization of disconnected facts The AP U S History Exam is divided into
two sections 1 Multiple Choice This section is composed of 80 multiple choice questions designed to gauge your ability to
understand and analyze U S history from the Colonial period to the present The majority of the questions however are based
on 19th and 20th century history This section tests factual knowledge scope of preparation and knowledge based analytical

skills You ll have 55 minutes to complete this section which accounts for 50 percent of your final grade 2 Free Response This section is composed of three essay questions designed to measure your ability to write coherent intelligent well organized essays on historical topics The essays require you to demonstrate mastery of historical interpretation and the ability to express views and knowledge in writing The essays may relate documents to different areas analyze common themes of different time periods or compare individual and group experiences which reflect socioeconomic racial gender and ethnic differences Part A consists of a mandatory 15 minute reading period followed by 45 minutes during which you must answer a document based question DBQ which changes from year to year In Part B the student chooses to answer on two of the topics that are given You will have 70 minutes to write these essays The free response section counts for 50 percent of your final grade These topics are broken down into thirds Political Institutions 1 3rd Social and Economic Change 1 3rd Behavior and Public Policy Diplomacy and International Relations Intellectual and Cultural Development 1 3rd The time periods covered are as follows Pre Colonial through 1789 1 6th of exam 1790 1914 1 2 of exam 1915 present 1 3rd of exam ABOUT THE REVIEW SECTION This book begins with REA s concise yet thorough 230 page review of U S history designed to acquaint you with the exam s scope of coverage Our review covers these topics and historical time periods The Colonial Period 1500 1763 The American Revolution 1763 1787 The United States Constitution 1787 1789 The New National 1789 1824 Jacksonian Democracy and Westward Expansion 1824 1850 Sectional Conflict and The Causes of the Civil War 1850 1860 The Civil War and Reconstruction 1860 1877 Industrialism War and the Progressive Era 1877 1912 Wilson and World War I 1912 1920 The Roaring Twenties and Economic Collapse 1920 1929 The Great Depression and the New Deal 1929 1941 World War II and the Post War Era 1941 1960 The New Frontier Vietnam and Social Upheaval 1960 1972 Watergate Carter and the New Conservatism 1972 2001 SCORING THE EXAM The multiple choice section of the exam is scored by crediting each correct answer with one point and deducting one fourth of a point for each incorrect answer You will neither receive a credit nor suffer a deduction for unanswered questions The free response essays are graded by instructors and professors from across the country who come together each June for a week of non stop AP essay grading Each essay booklet is read and scored by several graders Each grader provides a score for the individual essays The DBQ is scored on a scale from 0 to 15 0 being the lowest and 15 the highest Each topic based essay receives a score from 0 to 9 These scores are concealed so that each grader is unaware of the previous graders assessments When the essays have been graded completely the scores are averaged one score for each essay so that the free response section generates three scores The total weight of the free response section is 50 percent of the total score Your work in the multiple choice section counts for the other 50 percent Each year grades fluctuate slightly because the grading scale is adjusted to take into account the performance of the total AP U S History test taker population When used with the corresponding chart the scoring method we present here will strongly approximate the score you would receive if you were sitting for the actual AP U S History exam SCORING THE MULTIPLE

Curry, 2004 More easy tips along with encouragement and Biblical parenting suggestions Learning at the Crossroads of
Theory and Practice Piet Van den Bossche, Wim H. Gijsselaers, Richard G. Miltner, 2012-03-21 Core concepts in education are
changing For example professional performance or expertise is not uniquely the fruit of specialist knowledge acquired at
professional schools but the sum of influences exerted by a complex web of continuous learning opportunities for which an
individual is well or ill prepared by their schools and their workplace The key contributory factors to professional expertise
are how professional schools connect to professional practice how schools prepare graduates for continuous learning and
how the workplace endorses continuous development Thus the question this volume addresses how to design learning and
working environments that facilitate the integration of these three elements is at the heart of contemporary pedagogical
theory The authors also ask a second vital question how do we educate learners that go on to maximize their life s learning
opportunities by regulating their own ongoing learning Learning at the Crossroads of Theory and Practice argues that with
the theory of learning at a crossroads this is an unprecedented opportunity for learning about learning The book sheds light
on different elements of this challenge integrating theory and practice in business education generating and fully exploiting

workplace learning opportunities and enriching our classrooms by coupling theoretical knowledge with the richness of real life experience
