of his literary development Ms Baym brings the crucial facts of Hawthorne's career into clear focus and places the individual works within the total picture. Disputing some enduring critical pieties she finds in Hawthorne a writer who experimented with a series of literary poses through which he tried both to discover himself and to please his audience. He realized late she says the paradox that the more he departed from conventional modes the more popular his writing became. By looking discerningly at all of Hawthorne's work as it unfolded Ms Baym produces compelling new insights into a major American writer and adds appreciably to our understanding of him.

Cohesion and Dissent in America Carol Colatrella, Joseph Alkana, 1994-01-01 This book addresses one of the most important theories to arise in recent American literary scholarship. Developed over the past two decades Sacvan Bercovitch's ideas about the relationship of American cultural institutions to voices of dissent have repeatedly posed challenges to pervasive assumptions about American culture and the methods used by cultural critics and literary historians. The contributors to this book respond to different aspects of Bercovitch's ideas by exploring a wide range of scholarly disciplines including American Chicano Amerindian African American Asian American feminist comparatist philosophical legal and critical studies. In addition to essays that focus on the theoretical backgrounds and implications of Bercovitch's concepts this book interrogates the uses of those concepts in the study of American literatures. Works by a variety of American writers are analyzed the Colonial poet Phillis Wheatly nineteenth century writers Hawthorne and Melville modernists Pound and Eliot contemporary authors John Barth Norman Mailer Arturo Islas and John Yau and philosophers William James and Stanley Cavell. This book offers new directions to students of American culture while it participates in the ongoing reassessment of American cultural and literary scholarship.

The New American Studies Philip Fisher, 1991-01-01 A gathering of major importance Fisher brilliantly articulates the distinctive work of new historicism in treating American texts and circumstances. His introduction together with the consistently high quality of the essays and their remarkable range of approaches makes this dramatically superior to earlier collections. As a help to working scholars trying to sort out new developments and as an introduction for graduate students this will be the best available guide. T. Walter Herbert author of Marquesan Encounters Melville and the Meaning of Civilization

Psychoanalytic Readings of Hawthorne's Romances David B. Diamond, 2021-07-08 Offering innovative psychoanalytic readings of Nathaniel Hawthorne's four romances this volume systematically applies Freudian theory to present significant new insights into the psychology of Hawthorne's characters and their fates. By critically examining scenes in which the protagonists confront past

traumas Diamond underscores the transformative potential which Hawthorne attributes to encounters with the unconscious Psychoanalytic narrative technique is employed to interpret the psychological crises all hidden by Hawthorne in narrative gaps in *The Scarlet Letter* *The House of the Seven Gables* *The Blithedale Romance* and *The Marble Faun* The protagonists transformations that are illuminated are crucial to an understanding of the trajectory and resolution of the romances The text will benefit both academic and non academic readers who seek a deeper understanding of the psychology of Hawthorne s romances It will be of particular interest to educators and researchers of applied psychoanalysis and psychoanalytic technique Since its conclusions challenge many currently held critical views this volume is especially relevant to scholars of Hawthorne studies interdisciplinary literary studies and 19th century American literature **The Moral Picturesque**

Darrel Abel,1988 The book is a collection of fourteen essays by Abel on Hawthorne s fiction The essays were published over a span of about thirty five years in various scholarly journals The author has revised some of these essays considerably and has added seven chapters to give the book continuity and unity Abel studies two characteristics besides the classic elegance of its style that distinguish Hawthorne s fiction One characteristic is Hawthorne s habitual use of a psychological approach to its subjects He assumed an absolute of archetypal human experiences enacting a providentially directed drama of which he had an uncertain knowledge through sympathy with characters assuming primordial roles The other characteristic was Hawthorne s use of the mode that he called the moral picturesque This was a mode of figuration of the archetypal experiences that his psychological preoccupations discovered His sensibility penetrated more deeply than his often banal thought and the picturesque mode enabled him to cognize perceptions that were not reducible to explicit statement In all his work he was preoccupied with two concerns how the ideal appears in the real world and the distinction and relation of the sexes He saw in both these concerns paradoxes of opposition and affinity He dealt with these paradoxes not as subjects of philosophical speculation but as matters for artistic treatment In fact he thought that the problems of relation posed by these paradoxes were insoluble and his sole concerns was to present them vividly and dramatically **The Wheelwright Family**

Story Steve J. Plummer,2010-02-24 This is an illustrated history of the extraordinary Anglo American Wheelwright family In 1636 an outspoken Puritan Reverend John Wheelwright left his native Lincolnshire and headed for the new Boston Bay Colony His stay in Massachusetts would be short lived Persecuted and banished Reverend John went on to found two New England towns and a dynasty which now spans six continents The Wheelwrights have produced explorers engineers clerics consuls and a family of cannibals There are philanthropists philanderers psychoanalysts scientists soldiers and sailors A sea captain became a pirate A lawyer became a gold digging sportsman and a kidnapped child was transformed from Puritan to Catholic mother superior The Wheelwright s story complete with black sheep and skeletons a plenty spans four centuries Hundreds of illustrations and family charts drawn from years of research bring 580 pages of this most remarkable family s history to life **The Scarlet Letter Thrift Study Edition** Nathaniel Hawthorne,2012-05-07 Includes the unabridged text

A Superficial Reading of Henry James Thomas J. Otten, 2006 Do the surfaces matter In this provocative book A Superficial Reading of Henry James Preoccupations with the Material World Thomas J Otten demonstrates that surfaces matter profoundly Taking seriously the accessories of Henry James's fiction the china and bric a brac the antique cabinets and tapestries the ribbons and hats this book argues that James's famous ambiguity is a material state an indeterminate zone where the difference between essence and ornament disappears Ranging between fictions as well known as The Portrait of a Lady whose heroine is celebrated for her psychological complexity and ones as understudied as Rose Agathe whose heroine is a hairdresser's manikin Otten suggests that the distinction between what counts as thematic depth and what counts as physical surface is for James impossible to maintain Achieving a superficial reading of Henry James means demonstrating the persistence of the material within the novelist's most conceptual formations of meaning an argument with important consequences for literary theory as Otten shows in his concluding chapters Eloquently written and guided by a perverse love for the superfluous detail this book makes an important contribution to a fast growing area of the humanities one newly committed to the serious study of material culture the concrete experiences of everyday life and the history of the physical senses Book jacket
