Northern Star English Edition:

Northern Star Or Yorkshire Magazine, 1817 **Virtual Americas** Paul Giles, 2002-08-15 A discussion on the ways in which representations in the U S have been deflected from mythic to virtual phenomena in literary and cultural works of the modern era **British Working-class Movements and Europe, 1815-48** Henry Weisser, 1975 **Editor & Publisher**, 1929 **Karl Marx's Theory of Revolution Vol. II** Hal Draper, 1978 This is the second installment of Hal Draper's incomparable treatment of Marx's political theory policy and practice In forceful and readable language Draper ranges through the development of the thought of Marx and Engels on the role of classes in society This series Karl Marx's Theory of Revolution represents an exhaustive and definitive treatment of Marx's political theory policy and practice Marx and Engels paid continuing attention to a host of problems of revolution in addition to constructing their grand theory All these political and social analyses are brought together in these volumes as the author draws not only on the original writings of Marx and Engels but also on the sources that they used in formulating their ideas and the many commentaries on their published work Draper's series is a massive and immensely valuable scholarly undertaking The bibliography alone will stand as a rich resource for years to come Yet despite the scholarly treatment the writing is direct forceful and unpedantic throughout and will appeal to the beginning student as much as the advanced reader *Politics and the Irish Working Class, 1830-1945* Donal Ó Drisceoil, F. Lane, 2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class **William Cobbett, Romanticism and the Enlightenment** James Grande, 2015-10-06 Cobbett was one of the greatest journalists of his day Following a career in the British army he began writing as the loyalist Peter Porcupine in the United States defending all things British against the French Revolution and its supporters This is the first collection on Cobbett and contains essays by scholars from a variety of disciplines [Remembering Protest in Britain since 1500](#) Carl J. Griffin, Briony McDonagh, 2018-07-09 This book offers the first systematic study of the multiple and contested ways in which protest is remembered Drawing on work in social and cultural history cultural and historical geography psychology anthropology critical heritage studies and memory studies Remembering Protest focuses on the dynamic and lived nature of past protests asking how conflicted communities and individuals made sense of and mobilized protest past in forging the future Written by several of the leading historians and historical geographers of protest in early modern and modern Britain the chapters span the period from 1500 to c 1850 while also speaking to the politics of past protests in the

present In so doing it also offers the first showcase of the variety of approaches that comprises the vibrant and intellectually fecund new protest history Empirically rich but conceptually sophisticated this book will appeal to those with an interest in protest history and early modern and modern British history and historical geography more generally *Routledge Library Editions: The History of Social Welfare* Various, 2021-08-05 This set of 25 volumes originally published between 1805 and 1992 amalgamates original nineteenth century material and more recent research and analysis on the development of social welfare in Britain and Europe From Elizabethan poor relief through the Poor Laws of the nineteenth century to the establishment of the British National Health Service in the mid twentieth century this set provides a comprehensive overview of the germination and establishment of modern social welfare Although the set mainly focuses on social welfare in Britain it also contains some work on welfare in Europe This set will be of keen interest to those studying the history of social welfare social policy poverty and class *Aaron Hill* Christine Gerrard, 2003 During his lifetime Aaron Hill was one of the most lively cultural patrons and brokers on the London literary scene an image hard to square with the company of undistinguished scribblers to which Pope relegated him in the *Dunciad* Aaron Hill *The Muses Projector* 1685 1750 the first biography of this fascinating figure for nearly a century aims to correct the distorted picture of the Augustan cultural scene which Pope passed down to posterity Hill deliberately confronted Pope in his attempt to free poetry's sublime and visionary potential from the stale platitudes of neo classical convention An early champion of women poets he also enjoyed close relationships with Eliza Haywood and Martha Fowke and brought his three writing daughters Urania Astrea and Minerva into close contact with his lifelong friend the novelist Samuel Richardson In 1711 Hill as stage manager and librettist introduced Handel to the English stage as well as lobbying tirelessly for innovation in the eighteenth century theatre His entrepreneurial energies directed at both commercial and cultural projects mirror the zeitgeist of early Hanoverian Britain
