November 2004 D1 Ocr

Robert F. Rich, Christopher T. Erb

November 2004 D1 Ocr:

A Place on the Team Welch Suggs, 2006-10-09 A Place on the Team is the inside story of how Title IX revolutionized American sports. The federal law guaranteeing women's rights in education Title IX opened gymnasiums and playing fields to millions of young women previously locked out. Journalist Welch Suggs chronicles both the law's successes and failures, the exciting opportunities for women as well as the commercial and recruiting pressures of modern day athletics. Enlivened with tales from Suggs's reportage, the book clears up the muddle of interpretation and opinion surrounding Title IX. It provides not only a lucid description of how courts and colleges have read and misread the law but also compelling portraits of the people who made women's sports a vibrant feature of American life. What's more, the book provides the first history of the law's evolution since its passage in 1972. Suggs details thirty years of struggles for equal rights on the playing field. Schools dragged their feet, offering token efforts for women and girls until the courts made it clear that women had to be treated on par with men. Those decisions set the stage for some of the most celebrated moments in sports such as the Women's World Cup in soccer and the Women's Final Four in NCAA basketball. Title IX is not without its critics. Wrestlers and other male athletes say colleges have cut their teams to comply with the law, and Suggs tells their stories as well. With the chronicles of Pat Summitt, Anson Dorrance and others who shaped women's sports, A Place on the Team is a must read not only for sports buffs but also for parents of every young woman who enters the arena of competitive sports.

Havoc in the Hub Peter Wolfe, 2007-01-01 Havoc in the Hub brings to light the long neglected work of George V. Higgins, revealing the wealth of intellectual, social, literary and religious thought that underlies his 25 novels and numerous other works. Higgins's writing fed by equal parts wit and sorrow touches our senses, emotions and minds. Peter Wolfe makes a resounding contribution to the study of this writer. Wolfe places Higgins's work in its geographical context and outlines the many sources from which Higgins drew during his highly productive career. The first in-depth examination of George V. Higgins, Havoc in the Hub will interest scholars, graduate students and lovers of Higgins's work alike.

Report and Recommendation of the President to the Board of Directors on a Proposed Loan to the Socialist Republic of Viet Nam for the Northern Power Transmission Sector Project Tadao Chino, 2004

Feminist Legal Theory Nancy Levit, Robert R. M. Verchick, 2006-04 An updated edition of the praised primer for feminist legal theory and how it shapes contemporary gender issues. At long last the complex field of feminist legal theory is presented in accessible, teachable form by two of its experts, Nancy Levit and Robert R. M. Verchick. In this outstanding primer, the authors introduce the diverse strands of feminist legal theory and the array of substantive legal issues relevant to women's and gender studies. The book centers on feminist legal theories including equal treatment theory, cultural feminism, dominance theory, critical race feminism, lesbian feminism, postmodern feminism and ecofeminism. The authors also address feminist legal methods such as consciousness raising and storytelling. The primer demonstrates the ways feminist legal theory operates in real life contexts, including domestic violence.

reproductive rights workplace discrimination education sports pornography and global issues of gender Levit and Verchick highlight a sweeping range of cutting edge topics at the intersection of law and gender such as single sex schools women in the military abortion same sex marriage date rape and the international trafficking in women and girls At its core Feminist Legal Theory shows the importance of the role of law and feminist legal theory in shaping contemporary gender issues

Handbook for Achieving Gender Equity Through Education Susan S. Klein, Barbara Richardson, Dolores A. Grayson, Lynn H. Fox, Cheris Kramarae, Diane S. Pollard, Carol Anne Dwyer, 2014-05-22 First published in 1985 the Handbook for Achieving Gender Equity Through Education quickly established itself as the essential reference work concerning gender equity in education This new expanded edition provides a 20 year retrospective of the field one that has the great advantage of documenting U S national data on the gains and losses in the efforts to advance gender equality through policies such as Title IX the landmark federal law prohibiting sex discrimination in education equity programs and research Key features include Expertise Like its predecessor over 200 expert authors and reviewers provide accurate consensus research based information on the nature of gender equity challenges and what is needed to meet them at all levels of education Content Area Focus The analysis of gender equity within specific curriculum areas has been expanded from 6 to 10 chapters including mathematics science and engineering Global Diversity Focus Global gender equity is addressed in a separate chapter as well as in numerous other chapters The expanded section on gender equity strategies for diverse populations contains seven chapters on African Americans Latina os Asian and Pacific Island Americans American Indians gifted students students with disabilities and lesbian gay bisexual and transgender students Action Oriented All chapters contain practical recommendations for making education activities and outcomes more gender equitable A final chapter consolidates individual chapter recommendations for educators policymakers and researchers to achieve gender equity in and through education New Material Expanded from 25 to 31 chapters this new edition includes more emphasis on male gender equity and on sexuality issues special within population gender equity challenges race ability and disability etc coeducation and single sex education increased use of rigorous research strategies such as meta analysis showing more sex similarities and fewer sex differences and of evaluations of implementation programs technology and gender equity is now treated in three chapters women s and gender studies communication skills relating to English bilingual and foreign language learning and history and implementation of Title IX and other federal and state policies Since there is so much misleading information about gender equity and education this Handbook will be essential for anyone who wants accurate research based information on controversial gender equity issues journalists policy makers teachers Title IX coordinators equity trainers women s and gender study faculty students and parents Digital Libraries at the Crossroads of Digital Information for the Future Adam Jatowt, Akira Maeda, Sue Yeon Syn, 2019-10-29 This book constitutes the refereed proceedings of the 21st International Conference on Asia Pacific Digital Libraries ICADL 2019 held in Kuala Lumpur Malaysia in November 2019 The

13 full 13 short and 5 poster papers presented in this volume were carefully reviewed and selected from 54 submissions The papers were organized in topical sections named text classification altmetrics scholarly data analysis and recommendation metadata and entities digital libraries and digital archives management multimedia processing search engines information extraction and posters

Feminist Legal Theory (Second Edition) Nancy Levit, Robert R.M. Verchick, 2016-01-15 In the completely updated second edition of this outstanding primer Nancy Levit and Robert R M Verchick introduce the diverse strands of feminist legal theory and discuss an array of substantive legal topics pulling in recent court decisions new laws and important shifts in culture and technology The book centers on feminist legal theories including equal treatment theory cultural feminism dominance theory critical race feminism lesbian feminism postmodern feminism and ecofeminism Readers will find new material on women in politics gender and globalization and the promise and danger of expanding social media Updated statistics and empirical analysis appear throughout At its core *Feminist Legal Theory* shows the importance of the roles of law and feminist legal theory in shaping contemporary gender issues Unedited summary from book cover

Consumer Choice Robert F. Rich, Christopher T. Erb, 2011-12-31 The United States health care system is unique among those of other developed economies most significantly because health care is not a legal right in the United States Instead it is considered an employee benefit and a privilege unless one is over age 65 or of low income The United States is the only developed country without some form of universal health care Contributors to this volume represent an interdisciplinary group of academics practitioners and service delivery providers The volume begins with a general examination of the politics of health and social welfare in the United States It then focuses on the importance and role of consumers in the U S economy and dilemmas associated with promoting consumer choice It explores policy issues and challenges in three specific areas controlling health care costs and protecting choice with respect to health care the major challenges to informed choice in health care and barriers to effective health care service delivery Contributors explore changes and reforms that have been introduced within public and privately financed systems over the past ten years *Consumer Choice* examines in a timely and efficient manner critical social and health policy issues nationally and internationally and the major challenges that face informed choice in health care and social policy Policymakers health care officials and medical personnel in the United States and other countries will find this volume highly informative

The Economics of Financial and Medical Identity Theft L. Jean Camp, M. Eric Johnson, 2012-03-21 Financial identity theft is well understood with clear underlying motives Medical identity theft is new and presents a growing problem The solutions to both problems however are less clear *The Economics of Financial and Medical Identity Theft* discusses how the digital networked environment is critically different from the world of paper eyeballs and pens Many of the effective identity protections are embedded behind the eyeballs where the presumably passive observer is actually a fairly keen student of human behavior The emergence of medical identity theft and the implications of medical data privacy are described in the second section of this book *The Economics of Financial and Medical*

Identity Theft also presents an overview of the current technology for identity management The book closes with a series of vignettes in the last chapter looking at the risks we may see in the future and how these risks can be mitigated or avoided

Digital Solidarity in Education Mary T. Kolesinski, Evelyn Nelson-Weaver, Daryl Diamond, 2013-09-11 Digital Solidarity in Education is a book for educators scholars and students interested in better understanding both the role technology can play in schools and its potential for strengthening communities optimizing the effects of globalization and increasing educational access The digital solidarity movement prioritizes the engagement and mobilization of students from diverse racial ethnic linguistic and economic backgrounds and with giftedness and or disabilities to utilize and apply technologies This powerful book introduces innovative technological programs including virtual schools e tutoring and interactive online communities for K 12 students that can increase students knowledge and understanding of advanced concepts while reinforcing their basic skills reinforce students communication in their first language while introducing second and third language possibilities nurture students capabilities to think analytically while using creative and innovative ideas to think simultaneously outside of the box The experienced author team shows how collaborative partners from the private sector can assist public school systems and educators in creating access for all students to technological innovations with a goal of increasing individual opportunities for future college and career success Combining theoretical scholarship and research with the personal perspectives of practitioners in the field this volume shares with readers both the nuts and bolts of using technology in education and the importance of doing so
