

Agricultural Science (501/1, 2, 3) Preamble

The Examinations Council of Zambia has made adjustments to the assessment of Agricultural Science at Grade 9 level so as to be in line with the revised Agricultural Science Junior Secondary School Syllabus of 2013 developed by Curriculum Development Centre (CDC) of the Ministry of Education, Science, Vocational Training and Early Education (MESVTEE).

The purpose of the specimen papers is to guide the teachers and would be candidates on the nature and content of the Grade 9 Agricultural Science examination which will begin to be administered in 2015 examination session.

Assessment Aims and Objectives

The purpose of the Grade 9 Agricultural Science examination is to test candidate's understanding and ability to apply the subject in real life. Assessment of Grade 9 students in Agricultural Science will contribute to the certification of candidates, measurement of academic attainment, promotion of learners to Grade 10 and feedback to educators on effectiveness of instruction. The Grade 9 examination will assess candidate's performance against the following three (3) Assessment Objectives:

1. knowledge with understanding
2. handling of information and problem solving
3. practical activities.

Test Design

The Grade 9 examination will consist of three papers: Paper 1 (501/1), Paper 2 (501/2) and Paper 3 (501/3).

Paper 1 (1 Hour) will consist of 40 compulsory multiple choice items (questions) carrying 40 marks. The 40 questions will be drawn from all the topics of the syllabus.

Paper 2 (2 hours) will consist of 8 compulsory structured questions carrying 10 marks each. The 8 questions will also cover all the topics in the syllabus.

Paper 3 will be a school-based project done in the period beginning from Grade 8 term 3 and ending by Grade 9 term 2. Each pupil is expected to maintain records of project work in an exercise book or file which should be available for inspection and assessment. The Head of Department, Headteacher and Standards Officers in charge of Examinations at district level will monitor projects for candidates at different stages of implementation.

The number of questions and mark weighting is summarised below;

COMPONENT	PAPER TYPE	NO. OF QUESTIONS	MARKS	WEIGHTING OF MARKS	TIME ALLOWANCE
501/1	Multiple Choice	40	40	29%	1 hour
501/2	Theory	8	80	57%	2 hours
501/3	Project	1	20	14%	2 hours

Food for All in Africa Gordon Conway,Ousmane Badiane,Katrin Glatzel,2019-11-15 Africa requires a new agricultural transformation that is appropriate for Africa that recognizes the continent s diverse environments and climates and that takes into account its histories and cultures while benefiting rural smallholder farmers and their families In this boldly optimistic book Sir Gordon Conway Ousmane Badiane and Katrin Glatzel describe the key challenges faced by Africa s smallholder farmers and present the concepts and practices of Sustainable Intensification SI as opportunities to sustainably transform Africa s agriculture sector and the livelihoods of millions of smallholders The way forward they write will be an agriculture sector deeply rooted within SI producing more with less using fertilizers and pesticides more prudently adapting to climate change improving natural capital adopting new technologies and building resilience at every stage of the agriculture value chain Food for All in Africa envisions a virtuous circle generated through agricultural development rooted in SI that results in greater yields healthier diets improved livelihoods for farmers and sustainable economic opportunities for the rural poor that in turn generate further investment It describes the benefits of digital technologies for farmers and the challenges of transforming African agricultural policies and creating effective and inspiring leadership Food for All in Africa demonstrates why we should take on the challenge and provides ideas and methods through which it can be met

Them and Us Philippe Legrain,2020-10-15 Winner of the Diversity Inclusion and Equality Award at the Business Book Awards 2021 Underpinned by scholarship entertaining Legrain s book fizzles with practical ideas The Economist The beauty of diversity is that innovation often comes about by serendipity As Scott Page observed one day in 1904 at the World Fair in St Louis the ice cream vendor ran out of cups Ernest Hami a Syrian waffle vendor in the booth next door rolled up some waffles to make cones and the rest is history Filled with data anecdotes and optimism Them and Us is an endorsement of cultural differences at a time of acute national introspection By every measure from productivity to new perspectives immigrants bring something beneficial to society If patriotism means wanting the best for your country we should be welcoming immigrants with open arms

Intellectual Property and Genetically Modified Organisms Charles Lawson,Berris Charnley,2016-03-09 Taking a global viewpoint this volume addresses issues arising from recent developments in the enduring and topical debates over Genetically Modified

Organisms GMOs and their relationship to Intellectual Property IP The work examines changing responses to the growing acceptance and prevalence of GMOs Drawing together perspectives from several of the leading international scholars in this area the contributions seek to break away from analysis of safety and regulation and examine the diversity of ways the law and GMOs have become entangled This collection presents the start of a much broader engagement with GMOs and law As GMO technology becomes increasingly more complex and embedded in our lives this volume will be a useful resource in leading further discussion and debate about GMOs in academia in government and among those working on future policy

Food & Markets: Proceedings of the Oxford Symposium on Food and Cookery 2014 Mark McWilliams, 2015-07-01 Includes papers presented at the 2014 Oxford Symposium on Food and Cookery China's Global Political Economy Robert Taylor, Jacques Jaussaud, 2018-04-27 Much has been written about China's economy as well as its business management system China's Global Political Economy however is designed to bring together these two perspectives serving to enhance our understanding of China's growing global role Examining changes in the management strategies of foreign companies investing in China and Chinese enterprises doing business overseas this book analyses China's political economy in the context of the Communist Party's changing policies The introductory section begins by studying the aspects of Chinese economic growth as it impacts on domestic social issues and the projection of Chinese power abroad Within this overall framework it then goes on to critically assess the effects of foreign investment business management strategies human resource management corporate social responsibility and the financial services sector Arguing that the encouragement of consumption is a significant objective of the Chinese leadership the last section is concerned with the importance of the food industry This book will be of interest to students and scholars of Chinese business management and international political economy as well as policymakers and business practitioners Wastewater Treatment and Reuse Theory and Design Examples, Volume 2: Syed R. Qasim, Guang Zhu, 2017-11-22 This book will present the theory involved in wastewater treatment processes define the important design parameters involved and provide typical values of these parameters for ready reference and also provide numerical applications and step by step calculation procedures in solved examples These examples and solutions will help enhance the readers comprehension and deeper understanding of the basic concepts and can be applied by plant designers to design various components of the treatment facilities It will also examine the actual calculation steps in numerical examples focusing on practical application of theory and principles into process and water treatment facility design **The Tales Teeth Tell** Tanya M. Smith, 2018-10-23 What teeth can tell us about human evolution development and behavior Our teeth have intriguing stories to tell These sophisticated time machines record growth diet and evolutionary history as clearly as tree rings map a redwood's lifespan Each day of childhood is etched into tooth crowns and roots capturing birth nursing history environmental clues and illnesses The study of ancient fossilized teeth sheds light on how our ancestors grew up how we evolved and how prehistoric cultural transitions continue to affect humans

today In *The Tales Teeth Tell* biological anthropologist Tanya Smith offers an engaging and surprising look at what teeth tell us about the evolution of primates including our own uniqueness Humans impressive set of varied teeth provides a multipurpose toolkit honed by the diet choices of our mammalian ancestors Fossil teeth highly resilient because of their substantial mineral content are all that is left of some long extinct species Smith explains how researchers employ painstaking techniques to coax microscopic secrets from these enigmatic remains Counting tiny daily lines provides a way to estimate age that is more powerful than any other forensic technique Dental plaque so carefully removed by dental hygienists today records our ancestors behavior and health in the form of fossilized food particles and bacteria including their DNA Smith also traces the grisly origins of dentistry reveals that the urge to pick one s teeth is not unique to humans and illuminates the age old pursuit of dental art The book is generously illustrated with original photographs many in color **A**

University Education David Willetts, 2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework **Blockchain, Fintech, and Islamic Finance**

Hazik Mohamed, Hassnain Ali, 2022-09-06 Following the success of the first edition that brought attention to the digital revolution in Islamic financial services comes this revised and updated second edition of *Blockchain Fintech and Islamic Finance* The authors reiterate the potential of digital disruption to shrink the role and relevance of today s banks while simultaneously creating better faster cheaper services that will be an essential part of everyday life Digital transformation will also offer the ability to create new ways to better comply to Islamic values in order to rebuild trust and confidence in the current financial system In this new edition they explore current concepts of decentralized finance DeFi distributed intelligence stablecoins and the integration of AI blockchain data analytics and IoT devices for a holistic solution to ensure technology adoption in a prudent and sustainable manner The book discusses crucial innovation structural and institutional

developments for financial technologies including two fast growing trends that merge and complement each other tokenization where all illiquid assets in the world from private equity to real estate and luxury goods become liquid and can be traded more efficiently and second the rise of a new tokenized economy where inevitably new rules and ways to enforce them will develop to fully unleash their capabilities These complementary and oft correlated trends will complete the decentralization of finance and will influence the way future financial services will be implemented This book provides insights into the shift in processes as well as the challenges that need to be overcome for practical applications for AI and blockchain and how to approach such innovations It also covers new technological risks that are the consequence of utilizing frontier technologies such as AI blockchain and IoT Industry leaders Islamic finance professionals along with students and academics in the fields of Islamic finance and economics will benefit immensely from this book
