Representing Autism Stuart Fletcher Murray, 2008-06-01 From concerns of an autism epidemic to the MMR vaccine crisis autism is a source of peculiar fascination in the contemporary media Discussion of the condition has been largely framed within medicine psychiatry and education but there has been no exploration of its power within representative narrative forms Representing Autism is the first book to tackle this approach using contemporary fiction and memoir writing film photography drama and documentary together with older texts to set the contemporary fascination with autism in context Representing Autism analyses and evaluates the place of autism within contemporary culture and at the same time examines the ideas of individual and community produced by people with autism themselves to establish the ideas of autistic presence that emerge from within a space of cognitive exceptionality Central to the book is a sense of the legitimacy of autistic presence as a way by which we might more fully articulate what it means to be human

The B-List: 2007 Steve Buffum, 2008 All over the world the statues of Mary are miraculously crying In the meantime a journalist in Washington D C is diverted away from her own personal demons when she takes it upon herself to question why the Vatican is not declaring these occurrences as miracles after witnessing the unexplainable phenomena herself The journalist suspects her nightly barrage of haunting nightmares about the violent murders of countless women from five thousand year old priestesses to women accused of being witches in the seventeenth century may have something to do with the answer as she investigates the biggest story of her life Women all over the world in the 21st century are feeling the awakening as the discovery of ancient artifacts are disproving the beliefs set forth by patriarchal religions for thousands of years When the journalist receives a visitation from a beautiful Goddess who at first appears to be the Virgin Mary she suddenly realizes that an ancient religious and political cover up has grossly distorted some very important historical truths As the journalist investigates and begins to publicly write about what she has uncovered death threats and terror follow next as powerful members of the world's patriarchal religions and the age old male run organizations that support them fight viciously to keep one of the world's oldest and most deceptive societal form of control against women hidden from the world But as intimidation and threats increase so too do the miracles and visitations from the real Sleeping Goddess as she awakens once
