seem to learn from consequences making it appear they have no sense of cause and effect Traditional parenting techniques backfire Things typical children respond to immediately will either not have an effect or will escalate a child with RAD Parents feel it is their fault They are overwhelmed and exhausted with good reason Parenting Pandora explores what motivates children with RAD and how to use it to gain positive changes It explains why standard parenting recommendations do not work and how the child perceives them Practical tips and unconventional strategies for approaching common issues are described as well as techniques to neutralize controlling behavior Written by a mom who obsessively sought answers Finding little more than vague concepts and ineffective or unrealistic techniques she tried hundreds possibly thousands of ways to make things better for her daughter With a little sarcasm and a little humor she wrote down what she discovered
