Russian Economy From Lenin To Putin:

The Russian Economy Steven Rosefielde, 2007-02-12 The epic tale of the Soviet Union's quest to construct a socialist economy was until recently the principal motif of textbooks on the Russian economy Rosefielde's new text offers a more sober recounting of the Bolshevik saga stripped bare of socialist romanticism focused equally on the micro and macroeconomics of administrative command planning and Russia's post Communist market system Understanding the Soviet economic system and the causes of its failure are central to any student's study of Russia's struggle towards a market economy and its prospects for the future New textbook offering a more sober recounting of the Bolshevik saga stripped bare of socialist romanticism Focuses equally on the micro and macroeconomics of administrative command planning and Russia's post communist market system

Putin's Russia: Economy, Defence And Foreign Policy Steven Rosefielde, 2020-08-27 This volume seeks to fill the vacuum created by the Joint Economic Committee of Congress's decision to cease publishing comprehensive assessments of Russia's performance and potential It provides readers with authoritative descriptions of Russia's economy military prowess and international ambitions The volume does not settle controversies but does provide readers with an objective basis for assessing Russia's prospects without the distortions caused by fake news and disinformation wars

The Oxford Handbook of the Russian Economy Michael Alexeev, Shlomo Weber, 2013-07-18 This Handbook is the most comprehensive up to date study of the Russian economy available Russian and western authors analyze the current economic situation trace the impact of Soviet legacies and of post Soviet transition policies examine the main social challenges and propose directions for reforms

A Century of Pulitzer Prize Russia Press Coverage 1922 – 2022 Heinz-Dietrich Fischer, 2024-04-01 This volume contains Russia related articles and political cartoons over the span of a century Developments during the 1920s and 1930s are documented and in the post World War II period the Cold War became a major source of concern for the American press also reflected in Pulitzer Prizes There are awards about the Russian rulers like Lenin Stalin Malenkov Bulganin Khrushchev Brezhnev Gorbachev and Yeltsin followed by works on the many Putin years

Unwinding Of The Globalist Dream, The: Eu, Russia And China Steven Rosefielde, Masaaki Kuboniwa, Satoshi Mizobata, Kumiko Haba, 2017-11-14 This collection of essays documents and investigates the conflicts in Europe Russia and China that sparked populist revolts against the established globalist order in the European Union It shows that the populist surge was not an anomaly It was a reflection of the internal contradictions of globalism that sparked nationalist resentment inside the EU and backlashes against Western soft power aspirations in Russia and China The idealist rhetoric of the globalist dream was persuasive It lulled many into believing that the movement should not and could not be stopped until the 2008 global financial crisis started the dream to unwind The essays in this volume show that globalism is not dead but will have to reinvent itself to revive

Historical Dictionary of the Russian Federation Robert A. Saunders, 2019-09-20 Straddling Europe and Asia the Russian Federation is the largest country in the world and home to a

panoply of religious and ethnic groups from the Muslim Tatars to the Buddhist Buryats Over the past 40 years Russia has experienced the most dramatic transformation of any modern state The second edition of Historical Dictionary of the Russian Federation provides insight into this rapidly developing country This volume includes coverage of pivotal movements events and persons in the late Soviet Union 1985 1991 and contemporary Russia 1991 present This second edition of Historical Dictionary of the Russian Federation contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Russia

Transformation and Crisis in Central and Eastern Europe Bruno Dallago, Steven Rosefielde, 2016-05-05 The global financial crisis has provided an important opportunity to revisit debates about post socialist transition and the relative success of different reform paths Post communist Central and Eastern Europe CEECs in particular show resilience in the wake of the international crisis with a diverse range of economic transformations Transformation and Crisis in Central and Eastern Europe offers an in depth analysis of a diverse range of countries including Poland Hungary Russia Ukraine Czech Republic and Slovakia This volume assesses each country's institutional transformations geopolitical policies and local adaptations that have led them down divergent post communist paths Chapters take the reader systematically through the evolution of former communist national economic systems before ending with lessons and conclusions for the future Subsequent chapters demonstrate that economic performance crucially depends on achieving a sustainable balance between sound institutional design and policies on one hand and localization on the other This new volume from a prestigious group of academics offers a fascinating and timely study which will be of interest to all scholars and policy makers with an interest in European Economics Russian and East European Studies Transition Economies Political Economy and the post 2008 world more generally

The History of Russia Charles E. Ziegler, 2009-10-13 An updated edition of the acclaimed history of Russia this new volume includes a wealth of material on events of the last decade When first published Charles Ziegler's The History of Russia was acclaimed as a source of information not easily found elsewhere and as clear balanced and insightful by Rajan Menon of Lehigh University Now Ziegler's remarkable volume returns fully updated to be the work of choice for readers looking for an introduction to the history of the world's largest country The History of Russia Second Edition moves from the 10th century founding of Kievan Rus to the czars to the Communist Era to the present with particular emphasis on the fall of the Soviet Union and the leadership of Mikhail Gorbachev Boris Yeltsin and Vladimir Putin In addition to a new chapter on the tumultuous last decade this edition features an updated introduction and an expanded chapter on the Yeltsin Era

China's Strategic Multilateralism Scott L. Kastner, Margaret M. Pearson, Chad Rector, 2019 Applying insights from cutting edge theories of international cooperation this study brings new understanding to China's approach to contemporary global challenges

Hundred Years of the Russian Revolution Anuradha M. Chenoy, Archana Upadhyay, 2021-04-07 The book reflects upon the Russian Revolution of 1917 and the ensuing developments in Russia the rest of the former Soviet Union Central and Eastern Europe and elsewhere in the world It discusses the impact of the legacies of the Russian Revolution on political systems ideologies economic and social structures and culture The book answers some pertinent questions To what extent are these legacies relevant today for the contextualisation of memory politics social institutions and international relations How does an analysis of 1917 and its legacies contribute to the comparative study of revolutions and social change

The Political Economy of Corporate Raiding in Russia Ararat Osipian, 2018-03-28 Corporate raiding the shocking phenomenon whereby criminals business rivals and even state bureaucrats visit business headquarters and force owners or staff to transfer business assets land or property is an increasing problem in Russia This book based on extensive original research provides a comprehensive overview of this activity It describes the nature of corporate raiding provides numerous case studies and discusses the role of the state and government officials Overall the book argues that the prevailing climate of business and government in Russia leads to a situation where control is closely linked to corruption and coercion

Russo-ukrainian War: Implications For The Asia Pacific Steven Rosefielde, 2023-08-28 Russo Ukrainian War Implications for the Asia Pacific explores the implications of the Russo Ukrainian war for American and Chinese engagement in the Asia Pacific It interprets Russia's invasion of Ukraine which began on February 24 2022 as part of a complex double game where the Kremlin and Washington simultaneously spar

bluffing for high stakes despite catastrophic risks in the name of lofty ideals while pursuing expedient default agendas Both sides champion virtuous global orders compatible with their tastes and objectives Washington seeks to compel Moscow to abide by its rules and vice versa The immediate impact of the Russo Ukrainian War on the Asia Pacific has been to confirm Chinese President Xi Jinping's perception that Washington is committed to low cost regime changing Cold War with China to preserve its status as the world's preeminent superpower Washington is willing to increase hard power defense spending modestly to tackle the Taiwan and South China Sea issues but will not compete with China in an arms race curtail productivity stifling government over regulation and social spending or curb China's abusive state trading Emboldened by what Washington considers America's successes in the Russo Ukrainian proxy war American President Joe Biden plans to reinforce military spending with attitude management campaigns moral suasion and coalitions of the willing including the North Atlantic Treaty Organization efforts to spark Chinese color revolution and regime change Biden diplomatically calls his policy Cold Peace but his actions bespeak Cold War Amid the power contestation among the United States Russia and China it is naïve in the contemporary world to suppose that the three major powers can permanently subjugate each other Wise leadership requires sacrificing for the attainable good rather than striving for the delusional best **Beleaguered**

Superpower: Biden's America Adrift Steven Rosefielde, Daniel Quinn Mills, 2021-07-29 As a new president takes over in Washington three intertwined threats imperil the world One is internal The others are external The internal threat is a potent and increasingly anti patriotic anti competitive anti meritocratic and sky is the limit federal deficit spending political current that is simultaneously diminishing and destabilizing American and global economic vitality The two major external threats are the rising military power of Russia China North Korea and Iran and a global economic malaise sowing the seeds of discontent America's role in containing the spread of new wave authoritarianism and fostering competitiveness and global prosperity is critical but domestic politics is preventing the Biden administration from adequately responding to these challenges Biden's America is adrift America is key to the survival of the free world America is currently a beleaguered superpower This book is possibly the first to address the politics shaping the likely course of America's new president in world affairs It is politics not idealist and realist abstractions which determine international security The world is concerned about what course Biden will take and the likely consequences It will be the most carefully researched of such books The book deals explicitly and extensively with issues such as spreading authoritarianism the emerging new Cold War global growth retardation civic discord economic sanctions arms control soft power and the deteriorating correlation of forces The China weapons section of the book draws from the latest assessment made by the American Department of Defense The book also includes a section on China's new technology generating innovation model and a chapter on Covid 19 **Socialist Economic Systems** Steven Rosefielde, 2023-06-29 Bernie Sanders socialist advocacy in the United States communist China's economic successes and a Marxist revival are inspiring many to muse about improved strategies for building superior

socialist futures *Socialist Economic Systems* provides an objective record of socialism's promises and performance during 1820-2022, identifies a feasible path forward and provides a rigorous analytic framework for the comparison of economic systems. The book opens by surveying pre-industrial utopias from Plato to Thomas More and libertarian communal designs for superior living. It plumbs all aspects of the revolutionary and democratic socialist political movements that emerged after 1870 and considers the comparative economic, political and social performance of the USSR and others from the Bolshevik Revolution onwards. The book also provides case studies for all revolutionary Marxist-Leninist regimes and supplementary discussions of Mondragon cooperatives, Israeli kibbutzim, Nordic corporatism and European democratic socialism. It investigates the theoretical and practical complexities of command planning, reform communism, market communism, worker economic management and egalitarianism. It examines communism as an engine of economic growth and a mechanism for improving people's quality of existence, including living standards, labor self-governance, egalitarianism, social justice and prevention of crimes against humanity, before addressing the perennial question of what needs to be done next. A suggested path forward is elaborated, drawing lessons from the warts and all historical performance of socialist economies during 1917-2022 and failed socialist prophecy. The evidence indicates that the key to 21st-century socialism success lies in empowering workers of all descriptions to govern democratically for their mutual protection and welfare without the extraneous imposition of priorities imposed by other movements. The book is essential reading for anyone interested in socialism, political economy, comparative economic systems and political and social history.

Russian Modernisation Markku Kivinen, Terry Cox, 2018-02-02. Russia's post-Soviet modernisation is complex and subject to changing interpretations among Russian political leaders and observers of Russia. This has created serious problems for understanding Russia and the changes it is currently undergoing. With this in mind, a new Finnish Centre of Excellence was established in 2012 at the Aleksanteri Institute of the University of Helsinki under the title *Choices of Russian Modernisation*. This collection of essays represents some of the first examples of the Centre's research. Reflecting the broad range of issues explored in the work of the Centre, it covers questions of Russia's historical legacy, technological development, energy, economy, political regime, political opposition, social development, religious life and external relations. The authors are all members of or affiliated to the Centre of Excellence. This book was originally published as a special issue of *Europe Asia Studies*.

Power and Policy in Putin's Russia Richard Sakwa, 2013-09-13. The volume provides a retrospective analysis of Putin's eight years as president between 2000 and 2008. An international group of leading specialists examine Putin's leadership in an informed and balanced manner. The authors are drawn from Russia itself as well as from Europe, America and Australasia. Coverage includes general analysis of the Putin presidency, the ideology underlying the thinking of the regime, issues of institutional development, including coverage of parties, parliament and elections, developments in the federal system, corruption and changes in the configuration of the elite. The impact of energy on changes in political economy provides the background to an assessment of Russia's re-

emergence as a great power in international affairs accompanied by analysis of the difficulties in Russia's relations with its former Soviet neighbours and the European Union. The authors examine the interaction between power and policy and draw some conclusions about the dynamics of Putin's system of government and thus of the fate of Russia. This book was published as a special issue of *Europe Asia Studies*. **The Putin Paradox** Richard Sakwa, 2020-02-06

Vladimir Putin has emerged as one of the key leaders of the twenty-first century. However, he is also recognized as one of the most divisive. Abroad, his assertion of Russia's interests and critique of the western-dominated international system has brought him into conflict with Atlantic powers. Within Russia, he has balanced various factions within the elite intelligentsia alongside the wider support of Russian society. So what is the Putin paradox? Richard Sakwa grapples with Putin's personal and political development on both the international political scene and within the domestic political landscape of Russia. This study historicizes the Putin paradox through theoretical, historical, and political analysis and in light of wider developments in Russian society. Richard Sakwa presents the Putin paradox as a unique regime type balancing numerous contradictions in order to adapt to its material environment while maintaining sufficient authority with which to shape it. **Vladimir Putin and Russia's**

Imperial Revival David E. McNabb, 2016-02-12 Discerning the early stages of the rebirth of a new Russian empire from the ashes of the Soviet Union, *Vladimir Putin and Russia's Imperial Revival* argues that Russia's recent overtly aggressive actions and foreign policy doctrines have signaled a renewal of the Cold War. At the least, Russia's actions represent the potential for renewal. This book explains these developments in a historical context. The book begins by describing Russia's initial policy of rapprochement after the collapse of the Soviet Union and its development into a foreign policy of threatened or actual armed aggression. It identifies today's Russia as a nation determined to re-establish itself as a political and military force. As a prominent figure in the development and continuation of its current foreign policy, Vladimir Putin plays a central role in the topics covered. Previous literature often treats Putin as an individual phenomenon, examining his connections to corruption or the secret police, but here David E. McNabb examines him as the latest in a long history of Russian despots who followed similar expansionist policies. He details some of the tactics Putin uses to instill fear and dominate political policies of republics newly independent from Russia. These tactics include the use of energy as a weapon, cyber terrorism, and military support for ethnic Russian separatists in other sovereign nations, most recently exemplified by Russia's annexation of Crimea from Ukraine via armed invasion. In an attempt to demystify Russia's re-emergence as an international political force, *Vladimir Putin and Russia's Imperial Revival* grounds its analyses in history. It explores as far back as the establishment of the first Russian empire and regards Putin as a leader determined to establish a fifth imperial incarnation. It provides a nuanced understanding of how Russia arrived at its current position through recent and distant internal and international events.

Welcome to Russia Deborah Kopka, 2011-09-01 Issue your students a passport to travel the globe with this incredible packet on Russia. Units feature in-depth studies of its history, culture, language, foods, and so much more. Reproducible pages.
