Salary Of A Constable In Saps:

Police in Africa Jan Beek, Mirco Göpfert, Olly Owen, Johnny Steinberg, 2017-08-15 Often overlooked by journalists and scholars the police forces of the African continents are a significant and little studied phenomenon This book seeks to redress that lacuna The studies span the continent from South Africa to Sierra Leone keeping a strong ethnographic focus on police officers and their work

Recovering Police Legitimacy Rafe McGregor, 2024-07-11 Transatlantic policing is experiencing an unprecedented crisis of legitimacy epitomised by public responses to the murders of George Floyd and Sarah Everard during the COVID 19 pandemic Legitimacy is lost when the police either fail to protect the public or rely on coercion rather than consent to achieve that protection *Recovering Police Legitimacy* challenges conventional criminological political and public solutions to the problem by approaching it from the bottom up beginning with policing as a practice constituted by a unique set of excellences skills and characteristics The author draws on his experience as a police officer and on the serial fictions of James Ellroy David Peace and Nic Pizzolatto to characterise the practice in terms of heroic struggle edgework absolute sacrifice and worldmaking These characteristics provide an analytic tool for revolutionising our understanding of the relations among policing as a situated practice public protection and police legitimacy and for identifying the different levels at which legitimacy is undermined His conclusion is that recovery is possible but will be slow in pace and incomplete in scope Written accessibly for students police officers policymakers scholars and anyone with an interest in police legitimacy this is a groundbreaking study of a pressing social problem

Police Work and Identity Andrew Faull, 2017-09-07 This is a book about the men and women who police contemporary South Africa Drawing on rich original ethnographical data it considers how officers make sense of their jobs and how they find meaning in their duties It demonstrates that the dynamics that lead to police abuses and scandals in transitional and neo liberalising regimes such as South Africa can be traced to the day to day experiences and ambitions of the average police officer It is about the stories they tell themselves about themselves and their social worlds and how these shape the order they produce through their work By focusing on police officers this book positions the individual in primacy over the organisation asking what policing looks like when motivated by the pursuit of ontological security in precarious contexts It acknowledges but downplays the importance of police culture in determining officers attitudes and behaviour and reminds readers that most officers lives are entangled in and shaped by a range of social political and cultural forces It suggests that a job in the South African Police Service SAPS is primarily just that a job Most officers join the organisation after other dreams have slipped beyond reach their presence in the Service being almost accidental But once employed they re write their self narratives and enact carefully choreographed performances to ease managerial and public pressure and to rationalize their coercive practices In an era where evidence and what works reigns supreme and where cop culture is often deemed a primary socializing force this book emphasises how officers personal histories ambitions and vulnerabilities remain central to how policing unfolds on the street

The Law of

South Africa ,2003 **Police Integrity in South Africa** Sanja Kutnjak Ivkovich,Adri Sauerman,2020-04-29 Policing in South Africa has gained notoriety through its extensive history of oppressive law enforcement In 1994 as the country s apartheid system was replaced with a democratic order the new government faced the significant challenge of transforming the South African police force into a democratic police agency the South African Police Service SAPS that would provide unbiased policing to all the country s people More than two decades since the initiation of the reforms it appears that the SAPS has rapidly developed a reputation as a police agency beset by challenges to its integrity This book offers a unique perspective by providing in depth analyses of police integrity in South Africa It is a case study that systematically and empirically explores the contours of police integrity in a young democracy Using the organizational theory of police integrity the book analyzes the complex set of historical legal political social and economic circumstances shaping police integrity A discussion of the theoretical framework is accompanied by the results of a nationwide survey of nearly 900 SAPS officers probing their familiarity with official rules their expectations of discipline within the SAPS and their willingness to report misconduct The book also examines the influence of the respondents race gender and supervisory status on police integrity Written in a clear and direct style this book will appeal to students and scholars of criminology policing sociology political science as well as to police administrators interested in expanding their knowledge about police integrity and enhancing it in their organizations The Law of South Africa ,1976 Corruption and the South African Police Service Andrew Faull,2007 **Behind the Badge** Andrew Faull,2010-11-05 Every South African has a strong opinion on crime and policing but most know very little about the lives and experiences of the average cop in the 185 000 strong South African Police Service This book is composed of excerpts from interviews with current and former members of the service who for the first time share their personal experiences of life behind the badge The book covers a wide range of themes including reasons for signing up training policing under apartheid and transformation after 1994 It describes the experience of solving cases using lethal force being shot at and losing colleagues Policemen and women speak frankly about the psychological toll of police work and the impact on their family lives and give startling insights into ethics torture corruption sex and power There is a mantra among police What happens on the shift stays on the shift In Behind the Badge members break through this wall of silence and reveal the hidden life of the police **Servamus** ,2005 **Culture, Organization, and Management in South Africa** Marja Spierenburg,Harry Wels,2006 South Africa is celebrating its first decade of democratic freedom It therefore seems appropriate to examine in more detail how South Africa has tried to restore some of the many social injustices caused by the former apartheid regime This book offers a view into the world of organisation and management from a cultural perspective The authors investigate how initiatives and policies with the aim of generating more employment equity have been developed implemented and have worked out in various sectors of the South African economy The various chapters present in depth case studies that deal with the South African government local NGOs universities and tourism The

book reveals in detail the local struggles of the historically disadvantaged and the powers that be to try and live up to the ideals of the New South Africa *Public Service Labour Relations in a Democratic South Africa* Glenn Adler, 2000 The democratic South Africa boasts some of the most advanced labour legislation in the world allowing public service workers to enjoy trade union and collective bargaining rights for the first time in the country's history These developments set the stage for public servants to bring their conditions of service into line with the industrial relations best practice in the private sector The chapters in this volume are based on critical assessments of contemporary developments in the public service drawn from original research by a range of contributors including public servants academics and independent researchers all specialists in this field The problem of addressing workers demands and concerns about job security transforming the state into a more effective agent of development and redressing the legacies of discrimination and authoritarianism is likely to generate considerable conflict between workers and managers and between different groups of workers made international headlines in August 1999 demonstrated that labour management strife in the public service is not a narrow industrial relations issue of interest to the parties alone The outcomes of these conflicts will have crucial and long lasting consequences for the transformation of the state as an institution and therefore for the government's ability to promote fiscal integrity economic development and service delivery The contributions thus combine depth of research and critical appraisal with privileged insight into recent policy developments *Interpellations, Questions and Replies of the Senate* South Africa. Parliament (1994-). Senate, 1996 *Suid-Afrikaanse Hofverslae*, 2004 **Women in Policing around the World** Venessa Garcia, 2021-03-24 Women in Policing around the World is a historical legal political and social examination of women in policing The book opens with a comparison of cultural definitions of gender and how this affects women's work in general and policing specifically The book then takes the reader through women in policing in the Eastern and Western Hemispheres featuring several countries within the major regions of the world Major commonalities and differences are identified in the areas of recruitment training deployment promotion and violence against women Among the key features of this book is a balanced coverage of historical and timely events that led to the current status of women police in their respective countries The book identifies the commonalities that women police experience throughout the world relying on the most current research The book also dedicates coverage of policing violence against women in society as well as within the police organization itself The author includes tables to allow for national comparisons throughout the book as well as current and historical photos This book is intended for researchers and students of police culture and women in policing It does not rely heavily on one country or region thus allowing for an enlightening international comparison [Annual Report of the South African Police Service](#) South African Police Service, 2000 **South Africa Survey 2001/2002** South African Institute of Race Relations, 2001 South African Survey 2001 2002 South African Institute of Race Relations *Interpellations, Questions and Replies of the National Assembly* South Africa.
