D. Pryor,2011 Brittany France Near the coast A picturesque inn Spectacular scenery Tasty French treats Time off from school Tallis Challinor imagines this as the perfect vacation scenario so when her grandfather suggests that she accompany him to the country of her ancestors she is more than happy to tag along What Tallis doesn't bargain on is another ghostly encounter especially not so soon after she's sealed up a bunch of unruly ghosts on their side of the portal between the human and spirit realms But when she feels the energy radiating from the megalithic standing stones dotting the countryside around Carnac France an energy that feels frighteningly like the power exuding from the portal in her basement back home she has a feeling she might be in trouble And she is right When her grandfather goes missing Tallis leaps into action She calls the only ghostbuster she knows in France and with help on the way she gears up to battle another set of spirits bent on causing destruction Along the way Tallis is forced to examine her life her relationships and her tightly held beliefs about who she is and where she comes from She also has to juggle two impossible males both attractive but annoying both seemingly set on driving her nuts or breaking her heart **Evidence of Being** Darius Bost,2018-12-21 *Evidence of Being* opens on a grim scene Washington DC's gay black community in the 1980s ravaged by AIDS the crack epidemic and a series of unsolved murders seemingly abandoned by the government and mainstream culture Yet in this darkest of moments a new vision of community and hope managed to emerge Darius Bost's account of the media poetry and performance of this time and place reveals a stunning confluence of activism and the arts In Washington and New York during the 1980s and 90s gay black men banded together using creative expression as a tool to challenge the widespread views that marked them as unworthy of grief They created art that enriched and reimagined their lives in the face of pain and neglect while at the same time forging a path toward bold new modes of existence At once a corrective to the predominantly white male accounts of the AIDS crisis and an openhearted depiction of the possibilities of black gay life *Evidence of Being* above all insists on the primacy of community over loneliness and hope over despair **Death, Society and Human Experience (1-download)** Robert Kastenbaum,2015-07-22 Providing an understanding of the relationship with death both as an individual and as a member of society This book is intended to contribute to your understanding of your relationship with death both as an individual and as a member of society Kastenbaum shows how individual and societal attitudes influence both how and when we die and how we live and deal with the knowledge of death and loss Robert Kastenbaum is a renowned scholar who developed one of the world's first death education courses and introduced the first text for this market This landmark text draws on contributions from the social and behavioral sciences as well as the humanities such as history religion philosophy literature and the arts to provide thorough coverage of understanding death and the dying process Learning Goals Upon completing this book readers should be able to Understand the relationship with death both as an

The Theatre of Death Jennifer Woodward, 1997 English royal funeral ceremony from Mary Queen of Scots to James I gives fascinating insight into the relationship between power and ritual at the renaissance court This book represents the first detailed study into English royal funeral ceremonies of the period building on earlier scholarship dealing with the French royal funeral and with the social history of death and burial in early modern England Funeral rituals are approached as performances and placed in their political religious and broader cultural contexts showing them to be a microcosm of cultural change The impact of the Reformation with its strong iconophobic strain on a ritual process which was centred on the display of a life sized image of the dead monarch is explored Later the counter influence of the Arminianism and Continental art is considered in relation to the apotheosis of the theatre of death under the early Stuarts with particular reference to the funeral of James I Earlier individual funeral occasions are also addressed with varied focus The author shows how the obsequies of Elizabeth I were used to help establish the new Stuart dynasty the sudden death of the young Henry Stuart heir to the throne led to a funeral quite different in atmosphere and political purpose The death rituals of Mary Queen of Scots both the ceremonies staged in the wake of her execution and the monuments and funeral performances created years later by her son James are analysed in depth the emergent picture of the deliberate manipulation of the Scottish Queen's posthumous image provides a fascinating insight into the relationship between power and ritual at the renaissance court Dr JENNIFER WOODWARD gained her Ph D from the University of Warwick
