Bluetooth Headset Pairing Instructions

1. When you turn on your Samsung Bluetooth headset for the first time, it proceeds into pairing mode immediately.
2. If you have paired the headset with other Bluetooth devices, make sure that the headset is off. Press and hold the Multi-Function button until the blue indicator light stays solid blue after blinking.
3. Set your Bluetooth phone to discover the headset by following your phone's guide. Typically, the steps involve going to a "Setting", "Connection", or "Bluetooth" menu on your phone and then selecting the option to discover Bluetooth devices.
4. Your phone will find the Samsung headset and ask if you want to pair with it. Confirm this by pressing the Yes or OK key.
5. Enter a passkey or PIN, 0000 (4 zeros), then press the Yes or OK key.
6. If pairing was successful, the indicator light will flash in blue 10 times rapidly before going to flashing every 3 seconds. If unsuccessful, the light remains on, and you will need to re-attempt pairing.
7. When you turn on your headset after pairing with the phone, the headset is automatically connected to the phone.
8. When you turn on your phone after pairing with the headset, the phone is connected to the headset by pressing the Multi-Function button.

There are over three billion active monthly Android devices around the world and in the last year 2021 alone more than a billion new Android phones have been activated. While the phone is still the most popular form of computing, people are adding more connected technologies to their lives like TVs, cars, watches and more. Getting things done can be much easier if your connected devices all communicate and work together. The openness and flexibility of Android powers phones, watches, tablets, TVs and cars and it works well with devices like headphones, speakers, laptops and more. Android brings new possibilities to your phone or the many devices in your life. Android's open platform helps people around the globe enjoy greater access to more information and opportunity than ever before. Android is an operating system by Google. On Android
