

The Important of Saving Money

Nowadays, money is important to us in our life. Without money, many thing will not success and we will get many problem and tough in our life. Every people think that money is important for them, all of us work hard to hope can get more and more money. The money is wont enough in our daily life. We should save the money that we have but not use all of it. If we have sick, we should need money to but medicine or see doctor. If we do not have money, we will can't get a treatment and we will get die or else.

In this essay, this essay will discuss about the important of saving money. First and foremost, saving money can help us to get money when we need money urgently. For example, when our family need money to have some medical treatment, we can take out our money to help them for their medical treatment. So, we do not need to borrow money from anywhere from people, we can use the money that we save to solve the problem. In addition, we should save money for our future. When we need to marry, we should need a lot money.

If we do not have money, no girl will like to marry us. So, we should need to save money. After we marry, we will need to buy car and house. If we have save money, we would have money to buy it. So, we will not be troublesome when we need to buy. After we marry, we would have our children. We will need many money for our children. We need money for the milk, fees and many more. When they go study, we will need to pay for their fees, tuition and their books. So, saving money is important for our future. Furthermore, we save money can use to go for travel.

After we had hardworking earn money and busy for the life everyday, we should have to relax ourselves such as travel. If we have save money every month, we will have money to go travel. We can bring our family to go for travel and make the relationship to be closer. So, we can know more about our family and can live happily. We can relax ourselves after our hard work. So, if we save money, we can go travel and relax ourselves. There is another benefit of saving money. Besides, saving money can let us do not use our parents' money.

We are adult already. So, we must save money and do not take money from parents anymore. Although we are studying now, we can try not to take money from them. Not only like that, we can save some money as we can to buy some present for our parents when their birthday. They will feel very happy if they get present from us. So, saving money can help us to let them happy. In conclusion, saving money bring many benefit to us. So, we should save money to let us have moeny to use when we need. If everybody know to save money, then we can decrease the beggar too.
