My Journey to Wealth Simona Rich, 2018-01-01 I wrote this book in 2015 and in 2018 I completely updated and revised it Four new chapters have been added to it as well It's a short book explaining how I broke out of the poverty consciousness that I grew up with in Lithuania started my own business earned enough money to be able to quit my job How I became fully financially independent was traveling to my favorite places in the

world whilst blogging about the experiences I was going through that was and still is my occupation How I found spirituality and my understanding of wealth started shifting to embrace the Divine This isn't a usual book on wealth because I see wealth in a slightly different way to how the majority sees it For me wealth is not about earning millions and overworking yourself to the degree that your health fails and you cannot enjoy what you earned For me wealth is about being self-sufficient yet having plenty of time to do what you love So for me a person who earns enough money by doing something that he loves affords to visit the places he wants to visit though that doesn't have to be a first class travel and has plenty of time to really enjoy life is much wealthier than a billionaire Thus this book embraces this kind of understanding about wealth and it explains how I achieved financial independence from breaking out of the lack mindset I grew up with to reaching the peak of my financial abundance and then to transitioning to spiritual abundance Once the mindset is changed to the one of abundance you no longer have to dwell on the money It will always be there when you need it Then you can focus on things that really interest you I hope that by reading this book you will be enabled to arrive at that stage where your mindset has no place for lack and therefore money manifests when you need it
