No Second Chances Marissa Farrar, 2019-10-25 Gabi When I was seventeen years old I was told to stay away from Cole Devonport Kids like him only ever meant trouble I should have listened but I didn't and surprise surprise I was the one who got hurt But escaping Cole didn't mean the end of my pain Life has a way of screwing me over and after joining the Army as a way of forgetting him I suffered a loss I'll never recover from So now here I am back in the town I ran away from with my alcoholic father apparently looking after me The last thing I need is Cole showing up on my doorstep because nothing has changed with his prison tattoos and don't screw with me edge Cole Devonport still means trouble Cole I let everyone down all those years ago I made mistakes and I'm not proud of them but I've done my time and now I just want to keep my head down and get on with my life I thought I was doing exactly that until I heard Gabriella Weston was back in town Despite what she thought I was always in love with her She might hate me but whether she knows it or not she also needs me I want to make it up to her but with my past still trying to pull me down perhaps it would be best if I just stayed the hell away like she keeps telling me to Problem is I can't seem to resist her and I'm the type of guy who always gets what he wants *No Second Chances* is a stand alone second chance contemporary romance It is a full length novel with no cliff hanger

Second Chances Stephen Greenblatt, Adam Phillips, 2024-05-14 A powerful exploration of the human capacity for

renewal as seen through Shakespeare and Freud A compellingly readable and intelligent book Both authors write with impressive energy Rowan Williams New Statesman In this fresh investigation Stephen Greenblatt and Adam Phillips explore how the second chance has been an essential feature of the literary imagination and a promise so central to our existence that we try to reproduce it again and again Innumerable stories from the Homeric epics to the New Testament and from Oedipus Rex to Hamlet explore the realization or failure of second chances outcomes that depend on accident acts of will or fate Such stories let us repeatedly rehearse the experience of loss and recovery to know the joy that comes with a renewal of love and pleasure and to face the pain that comes with realizing that some damage can never be undone Through a series of illuminating readings the authors show how Shakespeare was the supreme virtuoso of the second chance and Freud was its supreme interpreter Both Shakespeare and Freud believed that we can narrate our life stories as tales of transformation of momentous shifts constrained by time and place but often still possible Ranging from The Comedy of Errors to The Winter's Tale and from D W Winnicott to Marcel Proust the authors challenge readers to imagine how as Phillips writes it is the mending that matters
