never been matched in classical music and here their remarkable story is told for the first time A musical experiment originally conceived by Erik Satie and then built upon by Jean Cocteau Les Six were also born out of the shock of the German invasion of France in 1914 an avant garde riposte to German romanticism and Wagnerism Les Six were all and still are respected in music circles but under the aegis of Cocteau they found themselves moving among a whole new milieu the likes of Picasso Ren Clair Blaise Cendrars and Maurice Chevalier all appear in the story But the story of Les Six goes on long after the heyday of Bohemian Paris the group never officially disbanded and it was only in the last 20 years that the last member died moreover their spouses descendents and associates are still active ensuring that the remarkable legacy of this unique group survives *Notice historique sur Évrou, son abbaye et ses monumens. **Arab Modernism as World Cinema** Peter Limbrick,2020-03-10 Arab Modernism as World Cinema explores the radically beautiful films of Moroccan filmmaker Moumen Smihi demonstrating the importance of Moroccan and Arab film cultures in histories of world cinema Addressing the legacy of the Nahda or Arab Renaissance of the nineteenth and early twentieth century when Arab writers and artists reenergized Arab culture by engaging with other languages and societies Peter Limbrick argues that Smihi s films take up the spirit of the Nahda for a new age Examining Smihi s oeuvre which enacts an exchange of images and ideas between Arab and non Arab cultures Limbrick rethinks the relation of Arab cinema to modernism and further engages debates about the use of modernist forms by filmmakers in the Global South This original study offers new routes for thinking about world cinema and modernism in the Middle East and North Africa and about Arab cinema in the world

**Frantz Fanon, Psychiatry and Politics** Nigel C. Gibson,Roberto Beneduce,2017-09-25 The revolutionary and psychiatrist Frantz Fanon was a foundational figure in postcolonial and decolonial thought and practice yet his psychiatric work still has only been studied peripherally That is in part because most of his psychiatric writings have remained untranslated With a focus on Fanon s key psychiatry texts Frantz Fanon Psychiatry and Politics considers Fanon s psychiatric writings as materials anticipating as well as accompanying Fanon s better known work written between 1952 and 1961 Black Skin White Masks A Dying Colonialism Toward the African Revolution The Wretched of the Earth Both clinical and political they draw on another notion of psychiatry that intersects history ethnology philosophy and psychoanalysis The authors argue that Fanon s work inaugurates a critical ethnopsychiatry based on a new concept of culture anchored to historical events particular situations and lived experience and on the relationship between the psychological and the cultural Thus Gibson and Beneduce contend that Fanon s psychiatric writings also express Fanon s wish as he puts it in The Wretched of the Earth to develop a new way of

thinking not only for us but for humanity      *Frantz Fanon* David Macey,2012-11-13 Born in Martinique Frantz Fanon 1925-61 trained as a psychiatrist in Lyon before taking up a post in colonial Algeria He had already experienced racism as a volunteer in the Free French Army in which he saw combat at the end of the Second World War In Algeria Fanon came into contact with the Front de Libération Nationale whose ruthless struggle for independence was met with exceptional violence from the French forces He identified closely with the liberation movement and his political sympathies eventually forced him out the country whereupon he became a propagandist and ambassador for the FLN as well as a seminal anticolonial theorist David Macey's eloquent life of Fanon provides a comprehensive account of a complex individual's personal intellectual and political development It is also a richly detailed depiction of postwar French culture Fanon is revealed as a flawed and passionate humanist deeply committed to eradicating colonialism Now updated with new historical material Frantz Fanon remains the definitive biography of a truly revolutionary thinker      *Beyond Casablanca* Mohamed Abderrahman Tazi, Kevin Dwyer,2004-11-25 In *Beyond Casablanca* Kevin Dwyer explores the problems of creativity in the Arab and African world focusing on Moroccan cinema and one of its key figures filmmaker M A Tazi Dwyer develops three themes simultaneously the filmmaker's career and films filmmaking in postcolonial Morocco and the relationship between Moroccan cinema Third World and Arab cinema and the global film industry This compelling discussion of Moroccan cinema is founded upon decades of anthropological research in Morocco most recently on the Moroccan film sector and the global film industry and exhibits a sensitivity to the cultural political social and economic context of creative activity The book centers on a series of interviews conducted with Tazi whose career provides a rich commentary on the world of Moroccan cinema and on Moroccan cinema in the world The interviews are framed variously by presentations of Moroccan history society and culture the role of foreign filmmakers in Morocco thematic discussions of cinematic issues such as narrative techniques the use of symbols film as an expression of identity and problems of censorship and the global context of Third World filmmaking      **Soundtracks** Stewart R.
