process and understand why it exists then take a look at extreme situations for an attempt at a yes no answer and finally  
consider the exams All 50 have a constitutionally defined responsibility to protect the public From an engineering point of  
view as well as many other professions this responsibility is met by the process of licensure and in our case the Professional  
Engineer License Though there are different experience requirements for different states the meaning of the license is  
common The licensee demonstrates academic competency in the Fundamentals of Engineering by examination Principles and  
Practices at PE time The licensee demonstrates qualifying work experience at PE time The licensee ascribes to the Code of  
Ethics of the NSPE and to the laws of the state of registration Having presented these qualities the licensee is certified as an  
Intern Engineer and the state involved has fulfilled its constitutionally defined responsibility to protect the public
