## **Northwest Airline Annual Report:**

**Northwest Airlines Annual Report**, 1999      *Growth from Chaos* Michael Pettus, 2003-12-30 We live in a chaotic world Some of the chaos results from poor decision making e g Enron Arthur Andersen WorldCom Yet other aspects of chaos war terrorist attacks etc are beyond a firm s control This book demonstrates that firm growth is more dependent on how a firm develops its resource base over time Examining actual firm growth in several industries with a focus on trucking the airline industry and the North American railroad industry Pettus shows that a specific resource sequencing leads to higher firm growth than other sequencing patterns This sequencing pattern is similar across transportation industries and the pattern may be applicable to other industries Decisions that firms make with respect to how resources are developed must balance the need for growth in the current time period with the need for growth over the long term Firms can build sustainable growth by developing resources in a specific sequence in essence firms have control over their growth even when confronted with ever changing environmental conditions      *Annual Report of the National Mediation Board* United States. Committee on the Judiciary, 1976      *Patterns in the Dust* Nancy Bernkopf Tucker, 1983 Chiang Kai shek s Chinese Nationalist government collapsed in 1949 despite United States support for the regime during the anti Communist civil war American policymakers were then forced to choose between rescuing the Nationalists or coming to terms with China s Communist government The Truman Administration caught up in the calculations of cold war diplomacy refused to make a rash decision Secretary of State Dean Acheson likened the Nationalist collapse to a tree falling in the forest the United States would have to wait for the dust settled before it could see ahead clearly *Patterns in the Dust* is a fresh look at a period overwhelmed by later events Drawing on many previously unavailable sources Nancy Bernkopf Tucker assesses the factors that influenced Washington policymakers during the critical few months in which the thirty year estrangement between the two countries began She examines the government s assessment of the chances for accommodation with the Chinese Communists the careful efforts to ascertain American public opinion and the effects of the Korean War which brought reasoned dialogue to an abrupt end *Patterns in the Dust* highlights the flexibility that Dean Acheson retained in American policy toward China Acheson emerges as a highly pragmatic man determined to preserve contacts with China simply because

as events have proved that was the realistic way to conduct international relations      **Directory of Companies Filing Annual Reports with the Securities and Exchange Commission Under the Securities Exchange Act of 1934** United States.
