Congratulations

Dear Emad,

It's my pleasure to congratulate you on obtaining the title of Global MBA from IE University Name. I am sure it involved a great deal of hard work on your part throughout the program.

We are convinced that the effort you have made will have very positive repercussions on your career, not only because of the knowledge you have acquired but also due to the management skills you developed during your time at IE University Name.

By our evaluation method, which, as you know, is a comparative method, the final average grade of each student is based on the grades of the rest of the class.

Congratulations once again, and I would also like to take this opportunity to wish you every success in your career.

Kind regards,

Ignacio Golfo
Vice-Dean
Global & Executive Programs

Senate Ethics Manual United States. Congress. Senate. Select Committee on Ethics,2000 **English: Wonder in a Nutshell** Francis Lee,2015-08-28 The learning of English there are a lot of good books on this subject already So why do I

want to write another one It all started when I was invited to write a weekly blog for Special Broadcasting Service SBS a statutory national broadcaster in Australia and later provide a talk segment When I delved into the subject I began to realise the complexity of the task I could start from the most basic such as verb subject noun like all the good books do However one obstacle facing the learner is that all the basic elements are interrelated so knowledge in the others is often a prerequisite to probing into any A child born into his/her native language would experience all the basic elements holistically and not sequentially This opportunity is not available to learners of a new language It soon dawned on me that to overcome the above we need to firstly explain how the English speaking world has put its sentence together before presenting the various elements that fit into it This book begins with a conceptual understanding of the English sentence before commencing with basic grammar then proceeds to language skills and common faults As well a lot of cross referencing are employed so that the readers know where to access the related elements A chapter on letter writing is also included My excitement in writing this book goes further than just explaining grammar usage I want to share the beauty and efficacy of the English sentence such as one by Nelson Mandela former president of South Africa 2020 in book We dedicate this day to all the heroes and heroines in this country and the rest of the world who sacrificed in many ways and surrendered their lives so that we could be free And to those who already have a good command of the language I trust this book can serve as a handy reference
