Harness the Email Writing Process Paul Lima, 2014-08-25 Harness the Email Writing Process is a book written specifically for people who want to improve their email writing skills and abilities. This book is based on a business writing course that I teach for University of Toronto continuing education students and corporate clients. The course is based on Harness the Business Writing Process, a book that covers writing email messages, letters, reports, and proposals, web content, and several other documents. Harness the Email Writing Process is for you if you are looking to become a more effective and efficient email writer, a person who makes your points in a clear, concise, focused manner and gets readers to take clearly defined action by a specific date. When it comes to email writing, this book will get you grounded and focused, especially if you often feel as if you're spinning your wheels by having you think about your topic, purpose, and audience before you write. Then the book will then help you organize and write simple and complex email messages in a well-structured, focused, clear, and concise manner. Ultimately, applying the principles outlined in Harness the Email Writing Process will make you a more effective and efficient writer. Effectiveness and efficiency. When it comes to communicating, who could ask for anything more?

How to Write Web Copy and Social Media Content Paul Lima, 2014-08-25 How to Write Web Copy and Social Media Content Spruce up Your Website Copy, Blog Posts, and Social Media Content is more than an online writing book. While writing for online media is the focus, the book takes writers through the important writing process, showing them how to think before they write. Then it demonstrates how to apply this process to website copy, including structuring copy on websites, blog posts, and social media such as Twitter, Facebook, and LinkedIn. This book is for those who want to make their website and blog copy sparkle and boost the effectiveness of their social media content. The book is based on business writing and online and social media copywriting courses that the author teaches for University of Toronto continuing education students and for corporate clients. In short, How to Write Web Copy and Social Media Content will help you organize your thoughts before you write, become a more effective and efficient online writer, make your points in a concise and easy-to-read, scan manner, achieve your purpose, and obtain feedback if so desired. This book is all about communicating more effectively online so your readers understand why you are writing and what action, if any, remember a click is an action you need them to take. It is filled with samples, examples, and exercises to get you writing for various online media.

How To Write Anything: The Format Of What You Write May Change But The Process Of Writing Anything Remains The Same Paul Lima, 2020-07-06

How To Write Anything The Format Of What You Write May Change But The Process Of Writing Anything Remains The Same This book is called *How To Write Anything* and I confess there is some ego involved in the title But then I've been a professional writer for over 40 years As one of Canada's most successful writers and authors I have written hard news articles soft news and feature articles advertising and promotional copy media releases reports and proposals case studies research papers email messages website content tweets blog posts and other online content I have also written over 20 books on business promotional and online writing and other topics such as writing articles memoir writing and living with Multiple Sclerosis a disease that I have but one that has not prevented me from writing or training I've also written a collection of short stories poetry and a couple of plays So while I haven't written everything I've written many things The fact is that you can't read this book and go forth and write anything if you are not familiar with the format or structure of the document that you want to write be it non fiction or fiction For instance if you want to write a report you do so using the methods in this book However you have to know how to structure reports The same is applicable to email social media content articles promotional content case studies reports white papers PowerPoint presentations speeches website content short stories or novels So some of you reading this book might still have some learning to do However I suspect most of you know the structure of the documents you want to produce and you will be able to immediately apply the methods outlined in the book to writing any document that you need to write

Amazon FBA & Dropshipping Shopify 2021 Robert D Michaels, 2021-08-07 Amazon FBA 2021 Amazon FBA or fulfillment by Amazon is a business opportunity that offers people the opportunity to operate their own e-commerce store without having to deal with all of the technical bells and whistles that can make traditional e-commerce seem daunting If you desire to run your own e-commerce store Amazon FBA is a wonderful way for you to get started This unique business opportunity presents you with so many benefits that you simply will not gain elsewhere making e-commerce easier to get into than ever before The abundance of benefits that you gain with this opportunity means that you can run your Amazon FBA store as a full time gig without having to put in full time hours Countless people have been able to make 10 000 per month using this platform all the while being able to enjoy their lives and time freedom due to the hands off structure of this business That's right Because of how Amazon FBA works you actually do not have to invest that much time into your business to start and maintain it While it will take some practice and effort early on to get started and get your business going maintaining and even scaling your business with Amazon FBA takes significantly less time than it would with nearly any other business model This means that not only are you going to be able to turn a great profit but you are also going to be able to actually have time to enjoy that profit you are turning so that you can really live your best life In this book I want to support you with discovering all of the ins and outs of Amazon FBA I am going to help you discover exactly what this business model is how it works and what you need to do in order to leverage it I am also going to help you identify how you can set yourself apart from the others who are using Amazon FBA by supporting you with discovering the right products to sell as well as the right brand to use to actually sell those products By blending together all of the tips and techniques I give you in this very book you are going to have all of the knowledge that you need to make your business work Dropshipping Shopify 2021 Imagine a business where you could sell whatever you wanted without having to handle the product physically and being able to charge whatever price you wanted to charge on it This is essentially what dropshipping amounts to It is a

wonderful business model you're going to learn all about it inside and out in this chapter. There are some disadvantages as well that would be remiss of me not to remind you of. I'll cover those as well since it is unrealistic for you to assume that everything will always be hunky dory. Either way, let's jump in and look at what dropshipping is. Dropshipping is the process where a middleman retails a manufacturer's or wholesaler's product. The middleman in this case is you, the store owner. The store owner takes care of all of the marketing aspects and drives traffic to the order pages and the wholesaler takes care of product fulfillment such as delivery and packaging. In some cases you can even have the manufacturer brand the product with your own name and have them ship it to your customers. This business model is of immense help to the manufacturer and wholesaler since they get to focus on investing in what they know best, which is manufacturing the product. You get to focus on what you know best, which is to drive traffic and bring in sales. In effect, you're a one-person marketing team for the wholesaler's products. What's not to like? The customer will order the product via your website or sales channel and will pay you money. In turn, you pay the wholesaler at their quoted price and you pocket the profits.
