Killer Bodies Joseph Crawford,2025-12-09 Killer Bodies offers a history of the single most critically derided subgenre in American superhero comics the bad girl comics of the 1990s which chronicled the

blood soaked adventures of barely dressed and improbably proportioned action heroines for an audience of adolescent boys While not in any way attempting to rehabilitate the genre which for the most part amply deserved its reputation as sexist and borderline pornographic this book situates it within its original cultural context as the result of a matrix of influences that included third wave feminism neopaganism girl power the rise of the internet the growing popularity of manga supermodel beauty ideals and the mainstreaming of pornography It explores why and how the figure of the antiheroic physically aggressive sexually objectified heroine arose within American comics culture and the commercial and ideological factors that led to the genre's rapid rise and equally rapid decline amidst the crisis racked comics industry of the mid 1990s **Themes**

and Issues in Asian Cartooning John A. Lent, 1999 Today comic art is the favorite reading fare for millions of Asians and is a government sanctioned value added product as in the case of Korean and Japanese animation Yet not much is known about Asian cartooning Themes and Issues in Asian Cartooning uses overviews and case studies by scholars to discuss Asian animation humor magazines gag cartoons comic strips and comic books The first half of the book looks at contents and audiences of Malay humor magazines cultural labor in Korean animation the reception of Aladdin in Islamic Southeast Asia and a Singaporean comic book as a reflection of that society's personality Four other chapters treat gender and Asian comics concentrating on Japanese anime and manga and Indian comic books **Girl Town** Carolyn Nowak, 2018-10-10 Diana got

hurt a lot and she's decided to deal with this fact by purchasing a life sized robot boyfriend Mary and La La host a podcast about a movie no one's ever seen Kelly has dragged her friend Beth out of her comfort zone and into a day at the fantasy market that neither of them will forget Girl Town collects the Ignatz Award winning stories Radishes and Diana's Electric Tongue together with several other tales of young adulthood and the search for connection Here are her most acclaimed mini comics and anthology contributions enhanced with new colors and joined by brand new work Bold infatuated wounded or lost Nowak's girls shine with life and longing Their stories depicted with remarkable charm and insight capture the spirit of our time **The Cambridge Companion to Comics** Maaheen Ahmed, 2023-08-31 Interweaving history and theory this book

unpacks the complexity of comics covering formal critical and institutional dimensions **Naughty Girls and Gay Male Romance/Porn: Slash Fiction, Boys' Love Manga, and Other Works by Female "Cross-Voyeurs" in the U.S.**

Academic Discourses Carola Katharina Bauer, 2013-05-17 Despite the fact that there actually exists a large number of pornographic and romantic texts about male homosexuality consumed and produced by American women since the 1970s the abnormality of those female cross voyeurs is constantly underlined in U S popular and academic culture As the astonished public reactions in the face of a largely female heterosexual audience of Brokeback Mountain 2005 and Queer as Folk 2000 2005 have shown a woman's erotic romantic interest in male homosexuality is definitely not as accepted as its male counterpart men consuming lesbian porn In the academic publications on female cross voyeurs the application of double standards with regard to male female cross voyeurism is even more obvious As Karen Hellekson and Kristina Busse note in

their Introduction to Fan Fiction and Fan Communities in the Internet 2006 slash fiction fan fiction about male homosexual relationships mainly produced and consumed by women has stood in the center of fan fiction studies so far despite being merely a subgenre of it The reason for this seems to be an urge to explain the underlying motivations for the fascination of women with m m romance or pornography within the academic discourse a trend which differs completely from the extremely under theorized complex of men interested in lesbians It is this obvious influence of conventional gender stereotypes on the perception of these phenomena that provokes me to examine the way in which the works of female cross voyeurism and their consumers producers are conceptualized in the U S scholarly accounts In many ways this thesis explores unknown territories and respectively tries to take a closer look at academic problems that have not been adequately addressed yet

Manga and Anime Go to Hollywood Northrop Davis, 2015-12-17 The media industries in the United States and Japan are similar in much the same way animals on earth share a similar DNA but while a horse and a kangaroo maybe 95% related on a biological level they are also very different this is the way it is with manga anime in Japan and Hollywood animation movies TV Although sharing some key common origins they developed mostly separately but influenced each other significantly along the way That confluence is now accelerating into new forms of hybridization that will drive much of future storytelling entertainment Understanding these common and divergent DNA origins the cross influences and the independent traits is one of many reasons why this book is

so important Through original interviews with top creators in these fields and illuminating case studies including adaptations of Japanese mangas and animes for Hollywood remakes *Manga and Anime go to Hollywood* analyzes the specific dynamics of this confluence between Japanese manga anime and American film animation and television In addition it shows how to use this knowledge creatively to shape the future of global narrative storytelling including through the educational system It is a fascinating to any reader with an interest in the inter related history of Japanese manga anime and Hollywood since the Meiji period through WW2 what is happening on the cutting edge right now and into the future
