The Shadow Puppet Theatre of Malaysia Beth Osnes, 2014-01-10 This comprehensive book explores the Malaysian form of shadow puppet theatre highlighting its unique nature within the context of Southeast Asian and Asian shadow puppet theatre traditions. Intended for a Western audience not familiar with Asian performance and practices, the text serves as a bridge to this highly imaginative form. An in-depth examination of the Malaysian puppet tradition is provided, as well as performance scripts, designs for puppet characters, instructions for creating a shadow screen, and easy directions for performance. Another section then considers the practical, pedagogical, and ethical issues that arise in the teaching of this art. *Learning Threads for the EYFS* Eleanor Hoskins, 2019-02-15 This book presents clear and concise practical activities that are detailed and closely linked to early years specifications and requirements. Exner, 2005-09-08 Puppetry is an exciting, flexible, malleable art form that can engage the creative forces of children or adults. Puppets can not only tell a story; they can be used to enhance the curriculum, present an idea or a concept in a compelling way, or teach any number of necessary skills. Children and adults presenting a puppet play are given a sense of their own inventive power. This reference work offers an A to Z view of working with puppets. It covers everything from the basic strategies of advertising and marketing puppet productions to assembling the puppets out of household materials such as paper bags, cereal boxes, or gloves, to the more elaborate sculpting of armatures. Stages, curtains, and props are also discussed along with the history of puppetry. Numerous illustrations give a visual of many of the finished products. This work concludes with an annotated bibliography and index. *Puppetry in Theatre and Arts Education* Johanna Smith, 2019-02-21 Winner of a Nancy Staub Award for Excellence in Publications on the Art of Puppetry.
