

Anatomy of a Wave Worksheet **Answers**

Objective: Identify the parts of a wave and draw your own diagrams of waves.

Background: Many types of waves exist, including electromagnetic waves and mechanical waves. Waves move in different ways and have different properties.

Part 1

In the diagram below, identify the parts of a wave by using the provided definitions.

- # 5 = crest The highest point of the wave above the line of origin.
- # 2 = trough The lowest point of the wave below the line of origin.
- # 1 = line of origin Signifies the original position of the medium.
- # 3 = wavelength The distance between two consecutive crests.
- # 4 = amplitude The distance from the line of origin to a crest or trough of a wave.

Part 2

On separate sheets of graph paper, draw four different waves with the following measurements. Label the parts and include the measurements.

wave #	crest	trough	wavelength
1	1 cm	1 cm	2 cm
2	3.5 cm	3.5 cm	2.5 cm
3	.5 cm	.5 cm	3 cm
4	2 cm	2cm	.5 cm

Concluding question: State which wave you think has the *highest frequency* and which might have the *lowest frequency*. Explain the reasons for your selections.

#4 has the highest frequency because it has the shortest wavelength, and frequency is inversely proportional to wavelength.

#3 has the lowest frequency because it has the longest wavelength, and frequency is inversely proportional to wavelength.

No Reinforcement Wave Behavior Answers

N Colangelo

No Reinforcement Wave Behavior Answers:

Learning and Behavior James E. Mazur, 2015-07-17 This book reviews how people and animals learn and how their behaviors are later changed as a result of this learning Nearly all of our behaviors are influenced by prior learning experiences in some way This book describes some of the most important principles theories controversies and experiments that pertain to learning and behavior that are applicable to many different species and many different learning situations Many real world examples and analogies make the concepts and theories more concrete and relevant to the students In addition most of the chapters include sections that describe how the theories and principles have been used in the applied field of behavior modification Each chapter in the seventh edition was updated with new studies and new references that reflect recent developments in the field The book includes a number of learning aids for students including a list of learning objectives at the beginning of each chapter practices quizzes and review questions and a glossary for all important terms Learning Behavior covers topics such as classical and operant conditioning reinforcement schedules avoidance and punishment stimulus control comparative cognition observational learning motor skill learning and choice Both the classic studies and the most recent developments and trends in the field are explored Although the behavioral approach is emphasized many cognitive theories are covered as well along with a chapter on comparative cognition Upon completing this book readers will be able to understand the field of learning and discuss real world applications of learning principles

Advanced Practice Psychiatric Nursing Joyce J. Fitzpatrick, 2012-08-21 Named a 2013 Doody's Core Title There are few new books to direct PMH APRN treatment options Now this book provides the path to integration of treatment options for the holistic care of psychiatric client by PMH APRNs Doody's Medical Reviews This text is a wonderful compilation of information that is needed within current advanced practice psychiatric mental health nursing The chapters are informative have excellent references and provide up to the minute information that is grounded in evidence based practices Barbara Jones Warren PhD RN CNS BC PMH FAAN Professor Clinical Nursing Director Psychiatric Nursing Specialty National Institutes of Health American Nurses Association Ethnic Racial Minority Fellow The Ohio State College of Nursing This groundbreaking core text fills a void in nursing literature by integrating psychotherapy psychopharmacology and complementary and alternative medicine CAM approaches into advanced practice nursing It is organized around psychiatric syndromes rather than DSM diagnoses so it will remain current even after the publication of the DSM 5 The book provides clear and relevant treatment options in the form of decision trees with additional explanatory narratives These decision trees enable practitioners to distinguish normal patients from those who require more customized therapeutic interventions This holistic text integrates neurobiology theory and research evidence related to psychotherapy psychopharmacology and complementary and alternative medicine interventions While providing comprehensive information on theory and practice it simplifies complex aspects of treatment with clarity and provides the depth of content appropriate to support sound clinical

reasoning required in advanced practice The book responds to the current backlash against overmedication in psychiatry It also fulfills the upcoming requirements by APNA and ISPN that advanced practice psychiatric nurses must have skills in psychotherapy Additionally the text focuses on treatment issues across the life span and highlights pertinent clinical differences from the adult population through pediatric pointers and aging alerts Advanced Practice Psychiatric Nursing reflects the extensive practice and educational experience of editors and contributors from the United States Canada and Scotland all of whom are expert APNs Key Features Organized around psychiatric syndromes rather than DSM diagnoses so it will remain relevant after the DSM 5 is published Integrates neurobiology theory and research evidence related to psychotherapy psychopharmacology and CAM therapies Provides the much needed content on psychotherapy newly required for all psychiatric advanced practice nurses APNA ISPN White Papers Supports clinical decision skills through thoughtfully designed easy to follow decision trees ICONS highlight life span clinical management differences through Pediatric Pointers and Aging Alerts
