Working in the Suburbs Anna K. Hodgkinson, 2025-04-01 A century ago Charles Leonard Woolley directed the first excavations at Amarna site M50 14 16 identifying it as a workshop for glass and faience However the archaeological record and its publication in The City of Akhenaten I were somewhat superficial New excavations conducted by the Amarna Project in 2014 and 2017 yielded extensive evidence of glass faience stone and metalworking reaffirming the site's role as a workshop These investigations also illuminated its domestic character uncovering valuable data on houses and other structural remains This volume presents a near complete record of the site offering a comprehensive archaeological and architectural evaluation alongside in depth analyses of material culture including archaeobotany charcoal animal bones ceramics and other artefacts The individual chapters reconstruct the chaines operatoires of various craft production activities Additionally the organisation of production and the concept of cross craft interaction are explored as the site is situated within the broader industrial network of Amarna This volume furthermore provides an in depth examination of the inhabitants roles and daily lives enriching our understanding of this significant site **Forest Research Note** California Forest and Range Experiment Station, Berkeley, 1948 Statistical Rethinking Richard McElreath, 2020-03-13 Winner of the 2024 De Groot Prize awarded by the International Society for Bayesian Analysis ISBA Statistical Rethinking A Bayesian Course with Examples in R and Stan builds your knowledge of and confidence in making inferences from data Reflecting the

need for scripting in today's model based statistics the book pushes you to perform step by step calculations that are usually automated This unique computational approach ensures that you understand enough of the details to make reasonable choices and interpretations in your own modeling work The text presents causal inference and generalized linear multilevel models from a simple Bayesian perspective that builds on information theory and maximum entropy The core material ranges from the basics of regression to advanced multilevel models It also presents measurement error missing data and Gaussian process models for spatial and phylogenetic confounding The second edition emphasizes the directed acyclic graph DAG approach to causal inference integrating DAGs into many examples The new edition also contains new material on the design of prior distributions splines ordered categorical predictors social relations models cross validation importance sampling instrumental variables and Hamiltonian Monte Carlo It ends with an entirely new chapter that goes beyond generalized linear modeling showing how domain specific scientific models can be built into statistical analyses Features Integrates working code into the main text Illustrates concepts through worked data analysis examples Emphasizes understanding assumptions and how assumptions are reflected in code Offers more detailed explanations of the mathematics in optional sections Presents examples of using the dagitty R package to analyze causal graphs Provides the rethinking R package on the author's website and on GitHub

The Handbook of Veterinary Care and Management of the Military Working Dog - Including Anesthesia / Pain Management Standards, 2017-10-17 PREFACE Since 9 11 the veterinary care of Military Working Dogs MWDs has assumed a greater importance The role of the working dog has never been more visible and more appreciated At this writing there are a large number of MWDs deployed throughout the world in support of the Global War on Terrorism Many people both in and out of uniform are coming to realize that MWDs are among the most valuable and cost effective counterterrorism tools we have Before 9 11 detector dogs and their skills were largely taken for granted even downplayed Comments like MWDs are low tech and Dogs will be replaced by sensors imaging techniques and computers were not uncommon Detector dogs have become a very visible front line protective measure against bomb threats check out the headlines on suicide bombers to see what our terrorist enemies are up to Then check out the film clips that show security forces in action the dogs are everywhere These are reminders that no other tool in the arsenal can match the efficiency mobility adaptability and field readiness of a working dog So what's new why publish a new edition now Yes 9 11 did change things this edition now has guidelines for MWDs exposed to Anthrax This third edition of the Handbook also contains new information about the prophylactic laparoscopic assisted gastropexy program that aims to protect our most at risk dogs from GDV We also provide guidelines on transitioning from once daily feeding to feeding two meals a day the Dog Center now feeds over 500 MWDs twice a day Additionally we have updated information about MWD Adoption a program that has come of age in the 2 years since the publication of the second edition Also in an effort to provide a one stop resource for working dog policy this edition now incorporates topics that were formerly available only as VETCOM policy letters These and other

revisions make this new MWD Handbook one of the most up to date resources for military veterinarians caring for MWDs and other Federal Agency working dogs All veterinary personnel involved in anesthesia should familiarize themselves with these standards as some previously used agents such as butorphanol acepromazine glycopyrrolate combination tiletamine zolazepam and xylazine have been removed from the guidance The world will continue to change and our veterinary care will also change as our knowledge new technology and improved therapeutics become available Our commitment to the health care of MWDs is a constant Keep up the good work

Thirty Years'View; or a history of the working of the American Government for thirty years, from 1820 to 1850: chiefly taken from the Congress Debates, the private papers of General Jackson, and the speeches of ex-Senator Benton, with his actual view of men and affairs. With historical notes and illustrations, and some notices of eminent deceased contemporaries. By a Senator of thirty years [i.e. T. H. Benton]. United States,1857 [Sick Note](#) Gareth Millward,2022-08-11 Sick Note shows how the question of who is really sick has never been straightforward and will continue to perplex the British state Sick Note is a history of how the British state asked who is really sick Tracing medical certification for absence from work from 1948 to 2010 Gareth Millward shows that doctors employers employees politicians media commentators and citizens concerned themselves with measuring sickness At various times each understood that a signed note from a doctor was not enough to prove whether someone was really sick Yet with no better alternative on offer the sick note survived in practice and in the popular imagination just like the welfare state itself Sick Note reveals the interplay between medical employment and social security policy The physical note became an integral part of working and living in Britain while the term sick note was often deployed rhetorically as a mocking nickname or symbol of Britain s economic and political troubles Using government policy documents popular media internet archives and contemporary research Millward covers the evolution of medical certification and the welfare state since the Second World War demonstrating how sickness and disability policies responded to demographic and economic changes though not always satisfactorily for administrators or claimants Moreover despite the creation of the fit note in 2010 the idea of the sick note has remained With the specific challenges posed by the global pandemic in the early 2020s Sick Note shows how the question of who is really sick has never been straightforward and will continue to perplex the British state
