African Drama, Theatre and Performance Patrick J. Ebewo, 2017-05-11 In spite of the rich repertoire of artistic traditions in Southern Africa particularly in the areas of drama theatre and performance there seems to be a lack of a corresponding robust academic engagement with these subjects While it can be said that some of the racial groups in the region have received substantial attention in terms of scholarly discussions of their drama and theatre performances the same cannot be said of the black African racial group As such this collection of thirteen chapters represents a compendium of critical and intellectual discourses on black African drama theatre and performance in Botswana Lesotho South Africa and Swaziland The topics covered in the book include amongst others ritual practices interventionist approaches to drama textual analyses and the funeral rites viewed as performance of the South African liberation icon Nelson Mandela The discussions are rooted mainly using African paradigms that are relevant to the context of African cultural production The contributions here add to the aggregate knowledge economy of Southern Africa promote research and publication and provide reading materials for university students specialising in the performing arts As such the book will appeal to academics theatre scholars cultural workers and arts administrators arts practitioners and entrepreneurs the tourism industry arts educators and development communication experts *Political Memory and the Aesthetics of Care* Mihaela Mihael, 2022-01-11 With this nuanced and interdisciplinary work political theorist Mihaela Mihael tackles several interrelated questions How do societies remember histories of systemic violence Who is excluded from such histories cast of characters And what are the political costs of selective remembering in the present Building on insights from political theory social epistemology and feminist and critical race theory Mihael argues that a double erasure often structures hegemonic narratives of complex violence of widespread heterogeneous complicity and of impure resistances not easily subsumed to exceptionalist heroic models In dialogue with care ethicists and philosophers of art she then suggests that such narrative reductionism can be disrupted aesthetically through practices of mnemonic care that is through the hermeneutical labor that critical artists deliver thematically and

formally within communities space of meaning Empirically the book examines both consecrated and marginalized artists who tackled the memory of Vichy France communist Romania and apartheid South Africa Despite their specificities these contexts present us with an opportunity to analyze similar mnemonic dynamics and to recognize the political impact of dissenting artistic production Crossing disciplinary boundaries the book intervenes in debates over collective responsibility historical injustice and the aesthetics of violence within political theory memory studies social epistemology and transitional justice

Publishing from the South Sarah Nuttall, Isabel Hofmeyr, 2024-11-01 In 2022 Wits University Press marked its centenary making it the oldest most established university press in sub Saharan Africa While in part modelled on scholarly publishers from the global North it has had to contend with the constraints of working under global South conditions marginalisation within the university budgetary limitations small local markets unequal access to international sales channels and the privileging of English language publishing over indigenous languages This volume explores what the Press has achieved and what its modes of reinvention might look like In widening and deepening our understanding of the Press as an example of a global South scholarly publisher this volume asks how publishing can contribute to a broader understanding of Southern knowledge production Featuring contributions from scholars publishers and authors this multi voiced volume showcases the history of the Press s publishing activities over 100 years from documenting its evolution through book covers and giving credence to some of the leading black intellectuals and writers of the early 20th century and the success of those works in spite of their authors racial marginalisation to the role of women both in publishing and in the spaces afforded to women s writing on the Press s list The collection concludes with essays by contemporary authors who detail not only their experiences of working with Southern publishers but also the politics and influences governing their decisions to choose the Press over a Northern publisher Publishing from the South shows the strategies deployed by the Press to professionalise Southern knowledge making and in the process demonstrating how university presses in the global South support the scholarly missions of their universities for both local and global audiences

[The Palgrave Handbook of Theatre Censorship](#) Anne Etienne, Graham Saunders, 2024-11-29 This book incorporates a wide theoretical cultural literary and historical engagement in exploring the

tension between dramatic productions and the forms of censorship they encounter from creation to reception The Palgrave Handbook of Theatre Censorship offers global new insights into censorship practices examining attempts at repression motivated either by fears that audiences gathering together to watch live dramatic events will lead to sedition and mass uprisings or by moral or religious squeamishness requiring the establishment of institutional systems of censorship to curb or suppress the stage As such the Handbook aims to initiate redefinitions of what we understand or experience as censorship Who knew theatre could still carry so many threats or be so widely provocative and dangerous This is an extraordinary and often eye opening set of thirty six individually insightful wide ranging and oftentimes disturbing essays each of which offers unique insights into theatre censorship practices and their impact within a specific political and moral culture There is a particular emphasis on the recent and current and the authors speak with first hand knowledge and from direct experience not only about the restrictions but also how artists sometimes negotiate and evade these What makes the book so especially fascinating and illuminating is seeing so many examples juxtaposed together This enables the reader to hear the essays and the cultures talking to and alongside each other The collection repeatedly breaks fresh ground and the editors deserve enormous credit for gathering and effectively curating so many reports from the front line Steve Nicholson Emeritus Professor University of Sheffield UK Anne Etienne and Graham Saunders s book is a wide ranging incisive and compelling collection of reflections and case studies on the theatre industry s relationship to censorship and self censorship from a historical and contemporaneous perspective An impressive array of authors have been assembled for this volume representing among them views on the subject from Spain Denmark Norway Zimbabwe South Africa Germany Italy Indonesia Iran Portugal Turkey Brazil Japan Ireland Australia Russia England and more The book is by turns surprising in its curatorial and narrative design and wonderfully effective at delineating the complex and thorny paths that create socio political cultures where the censorship and self censorship of theatre artists thrives and or is efficaciously contested and rebelled against Of note is a through line of argument in the book around less overt modes of surveillance that police artists imaginations and thereby the work they create and produce At a time in the world where many governments are increasingly seeking to limit artistic expression this book is a necessary reminder of the many freedoms that have been fought for in theatres around the globe and how the power of being unsilenced must never be taken for granted Caridad Svich Playwright Translator This is a truly excellent collection of incisive studies It is wide ranging impressively global in scope with an illuminating balance of the historical and the contemporary In its impressive and well realised ambition demonstrated by the well focused intelligence and academic flair of its many contributors this collection is both magisterial and vital It is an essential contribution to censorship studies fascinating and inspiring a must read for anyone interested in the subject Aleks Sierz Theatre critic and author of Rewriting the Nation British Theatre Today 2011 Good Nights Out A History of British Theatre Since the Second World War 2021 **Life After Scandal** Robin Soans, 2016-08-01 you ll see them stuck like insects

in amber Like an Ibsen play haunted for the rest of their lives Life After Scandal takes you behind the closed curtains and beyond the reach of the telephoto lenses to explore our paparazzi infested world from the other side as those implicated in some of the most notorious scandals of recent years talk frankly about the events which transformed their lives This verbatim play from the writer of Talking To Terrorists and The Arab Israeli Cookbook uses the subjects own words to take an entertaining compassionate and deeply moving look at the different people from scorned politicians to powerful PRs expensive prostitutes to disgraced aristocrats who find themselves caught up in the modern machinery of scandal Life After Scandal opened at the Hampstead Theatre in September 2007 **Charisma and Patronage** Andrew D.

McCulloch,2016-04-15 A detailed and richly illustrated analysis of charisma and the political and cultural conditions in which charismatic figures arise this work of historical sociology critically engages with Max Weber s ambiguous concept of charisma to examine the charismatic careers of a number of figures including Joan of Arc Hitler and Nelson Mandela as well as that of Jesus who the author contends in contradistinction to Max Weber was not a charismatic leader in spite of his portrayal in Christian theology Shedding light on the process of charismatic transformation as it occurs within intensely solidaristic groups and the importance of patronage in charismatic careers the book distinguishes between charismatic rule and charismatic leadership With close attention to the social and political legacy of charisma for modern capitalism it also examines the emergence of a global class of the super rich a process buttressed by a belief on the part of business leaders in their own charismatic powers A rigorous examination of the under researched political process of charisma the understanding of which remains as important in modern society as in history Charisma and Patronage will appeal to students and scholars across a range of disciplines including sociology history politics and social geography
