

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

November 2013 English Paper 2 And Memorandum

Maxine David,Tatiana Romanova

November 2013 English Paper 2 And Memorandum:

Dangerous Allies Malcolm Fraser, Cain Roberts, 2016-04-12 Australia has always been reliant on great and powerful friends for its sense of national security and for direction on its foreign policy first on the British Empire and now on the United States Australia has actively pursued a policy of strategic dependence believing that making a grand bargain with a powerful ally was the best policy to ensure its security and prosperity *Dangerous Allies* examines Australia's history of strategic dependence and questions the continuation of this position It argues that international circumstances in the world and in the Western Pacific especially now make such a policy highly questionable Since the fall of the Soviet Union the United States has also changed dramatically making it less relevant to Australia and a less appropriate ally on which Australia should rely Malcolm Fraser argues that Australia should adopt a much greater degree of independence in foreign policy and that we should no longer merely follow other nations into wars of no direct interest to Australia or Australia's security He argues for an end to strategic dependence and for the timely establishment of a truly independent Australia

Reappraising the Seicento Andrew Cheetham, Joseph Knowles, Jonathan Wainwright, 2014-03-26 *Reappraising the Seicento* presents new perspectives on some relatively well researched areas of music history and adumbrates some more arcane aspects of the period offered by fledgling scholars and early career researchers in the field of musicology The scope of the title has the potential to warrant a tome on the subject but it is not the intention to provide a comprehensive survey of music in the seventeenth century Instead five essays are presented divided into two sections which represent the research activities of young scholars with an interest in the seicento In the first part of this book compositional procedure in seicento Italy is examined through two different analytical procedures Musical styles and fashions changed considerably throughout Europe in the seventeenth century at the forefront of these changes were Italian composers and performers who found fame and influence in their native countries as well as abroad In the second part of this book the dissemination of Italian music in seventeenth century England and the appropriation and assimilation of contemporary Italian compositional techniques by English composers are considered The phenomenal interest shown in Italian music by English patrons and musicians of the seventeenth century is placed into context and is revealed to be part of a larger historical trend

People, Planet and Profit Samuel O. Idowu, Abubakar S. Kasum, 2016-05-13 It is no longer the case that it s only society which benefits from CSR actions A corporation actually helps itself when operating sustainably and does well because of its triple bottom line actions The editors of People Planet and Profit believe that whilst Corporate Social Responsibility is by now a familiar concept to academics or practitioners insufficient attention has been paid to the end product of CSR in practice which they define in terms of social and economic developmental effect The contributions in this edited volume explain the developmental aspect of CSR from a conceptual perspective and provide empirical evidence of the impact of CSR delivery on stakeholders in different corners of the World The emphasis is on what corporations take from and give back to their stakeholders whilst trying to behave in a corporately responsible fashion Stakeholders including employees customers host communities governments and NGOs have diverse interests and expectations of CSR This gives rise to questions about whether the activities corporations support are the ones today s stakeholders need whether the CSR programmes being delivered are adequate and about the relationship between the corporations view of what constitutes CSR and that of the supposed beneficiaries This book offers thoughtful answers to these questions and assesses the outcomes of corporate activities both in developed and developing countries and regions in terms of economic progress and social and political advancement

Children's TV and Digital Media in the Arab World Naomi Sakr, Jeanette Steemers, 2017-03-30 Who analyses children s screen content and media use in Arab countries and with what results Children defined internationally as under 18s account for some 40 per cent of Arab populations and the proportion of under fives is

correspondingly large Yet studies of children's media and child audiences in the region are as scarce as truly popular locally produced media content aimed at children At the very time when conflict and uncertainty in key Arab countries have made local development and diversification of children's media more remote it has become more urgent to gain a better understanding of how the next generation's identities and worldviews are formed This interdisciplinary book is the first in English to probe both the state of Arab screen media for children and the practices of Arabic speaking children in producing as well as consuming screen content It responds to the gap in research by bringing together a holistic investigation of institutions and leading players children's media experiences and some iconic media texts With children's media increasingly linked to merchandising which favours US based global players and globalizing forces this volume provides a timely insight into tensions between differing concepts of childhood and desirable media messages
