The Plot to Seize Russia Martin Armstrong, 2023-06-23 Take care of Russia Boris Yeltsin said as he departed his presidency in August 1999 These words were directed at current Russian president Vladimir Putin Yeltsin specifically picked Putin as his predecessor to prevent the

takeover of Russia So who was Yeltsin warning against Newly declassified documents from the Clinton Administration prove that there was a plot to rig the Russian election of 2000 These never before seen documents confirm numerous attempts to implement pro Western policies using the Russian oligarchy headed by Boris Berezovsky On the other side were the communists who desired a return to the glory days of the Soviet Union As one of the largest international hedge fund managers author Martin Armstrong found himself in the middle of perhaps the greatest espionage or attempt at a regime change for Russia in modern history The Plot to Seize Russia pulls back the curtain to expose the most extraordinary attempt to seize power in modern history but with the pen rather than armies These declassified documents reveal a plot that has altered our thinking about the relations between the United States and Russia The thirst for power comes seething through every line of these papers that alter our perception of reality change the course of history and now threaten us with World War III *Dominion Law Reports* ,1912 *New Essays on Seize the Day* Michael P. Kramer,1998-12-28 A collection of essays first published in 1999 on Saul Bellow s *Seize the Day* The Seizure of Power Professor Adrian Lyttelton,Adrian Lyttelton,2004-12-15 This volume is a study of Fascism in its country of origin Italy It describes the impact of a new type of political movement on Italian government and society The Fascist seizure of power did not begin or end with Mussolini s famous March on Rome in 1922 it was achieved rather by gradual subversion of the liberal order which involved not only the destruction of all political opposition but also the creation of new institutions designed to control economic and cultural life A classic work of wide ranging scholarship this book is here republished with a new preface by the author and will be essential reading for all students of Fascism and international history A history of six Spanish verbs meaning "to take, seize, grasp" Bobby Ray Glover,2017-12-04 No detailed description available for A history of six Spanish verbs meaning to take seize grasp Carpe Diem! started eight years before Russia's full scale invasion contains unique evidence to address each of these questions In *Seize the City Undo the State* Serhiy Kudelia offers an authoritative study of the conflict at its initial stage 2013-14 based on a meticulous comparison of mobilization dynamics in over dozen towns of Donbas as well as in two major cities outside of it Kharkiv and Odesa Through his extensive travels and numerous interviews with conflict witnesses and participants Kudelia explains how a small group of Russian agents and local militants succeeded in eliminating state control over the largest and most densely urbanized region of Ukraine but failed to do it elsewhere Kudelia challenges the conventional accounts of the armed conflict in Donbas which portray it either as an interstate conflict entirely manufactured by Moscow or as a civil war that broke out without any external influence Instead he argues that local actors prepared ideological and organizational basis for the uprising but the successful spread of separatist control resulted from the covert intervention of Russian agents and widespread collaboration with them of town administrators and community activists His findings also show that when enough members of local communities organized to resist militant takeovers the separatist challenges there quickly dissipated A fine grained and highly original on the ground analysis of the origins of the wider Russian Ukrainian war that broke out in 2022 this book offers broader insights into the conditions under which external intervention may trigger the rise of an armed insurgency in a society torn apart by political and ideological disagreements Patrick Navas, 2006-10-01
