Contemporary Poetic Literature 4th Edition Randy Henry, 2018-10-29 *Adversaries: Drama, Confessions, Triumphs*. My 4th edition sums up the tradition of mankind and manhood. There are too many men growing up without fathers, and too many that have grown up without fathers. They are standing the test of times and have stood the test of times. Many men have not been trained or proctor on how to care, pamper, protect, and honor a lady, nor trained on how to be a man. Period. Young men who saw the streets conform from drugs to prostitution, from gunfire to murder, and from school dropout to jail, are facing the judicial system everyday. We reside in a world of hatred, disloyalty, and jealousy. We have children and parents turning against each other, and the judicial system is turning its head when the children's parents are going to jail, and the system is denying their bail. When will a change come, and we start taking responsibility to protect what's ours and uphold our power? Don't let the judicial system control your life, because the streets are full of strife. Get educated or separate.

Visionary Leadership Thomas E. Anderson, II, 2024-09-20 This book provides managers and leaders with a conceptual framework for visionary leadership to help them rediscover their vision in a more meaningful way with long-lasting results. It guides managers and leaders through four overlapping phases of the vision development and realization cycle at different levels and during various life stages. It teaches leaders to embrace employees as visionary partners in the journey to build a better organization. The founder/CEO's journey to lead a high-growth company begins with the ability to see their role within the company and the company itself through new lenses. While it requires a CEO to evolve and grow with their company as their plans for the company expand, the visionary should not solely set their sights on new horizons. Their ability to see within their company should become more granular as well. Featuring real-world case examples and chapter summaries with key takeaways, this book allows the business leader to walk themselves through the process of visioning with their team from start to finish. It

also allows consultants and coaches to see the full lifecycle of a vision and support the visionary at any level of an organization
