**Building Boys** Jennifer L. W. Fink, 2023-04-04 Offers parents tips and tools to help boys move beyond persistent gender stereotypes to full humanity We want to raise well rounded human beings we're just not quite sure how best to do it Confounded by rapidly changing gender norms today's parents are attempting to raise kind compassionate emotionally sensitive boys in a society that simultaneously rewards stereotypical masculinity and is increasingly hostile to boys Surrounded by messages of female empowerment young boys ask their parents Why don't they ever say that boys can be anything they want to be Teaching boys to respect others will help them in the future but can make life awfully difficult in the here and now Making the world a safer place for women and girls is not the only reason to rethink our boy raising practices Current culture harms our boys too and they need and deserve as much support as girls and women Building Boys is written by an in the trenches boymom who intimately understands male development and the challenges currently facing boys and their families Fink offers ten rules that parents can use to guide their parenting choices throughout their sons' lives guidelines that are as relevant to parenting toddlers as they are to parenting teenagers These rules range from emphasizing emotional intelligence to letting your son struggle and ultimately accepting him as he is Fink explains both the science and research behind each rule as well as stories and anecdotes from

families including her own Parents are taught how to apply the rule to a variety of common parenting challenges And because these rules are broad they are as applicable to boys with ADHD autism and learning challenges as they are to neurotypical boys
